

## USB Charging LED Motion Sensor Light Magnetic Suction Long Cabinet Light

Our Product Introduction

### Basic Information

- Place of Origin: Guangdong, China
- Brand Name: LINKOP
- Certification: CE
- Model Number: LC-ZQJ-002
- Minimum Order Quantity: 10 Pcs
- Price: 10cm (\$1.5/Pcs) / 20cm (\$2.12/Pcs)/ 30cm(\$2.58/Pcs)/ 40cm(\$3/Pcs)
- Packaging Details: Color Box
- Delivery Time: 3-5 working days
- Payment Terms: T/T
- Supply Ability: 50000 pieces/month

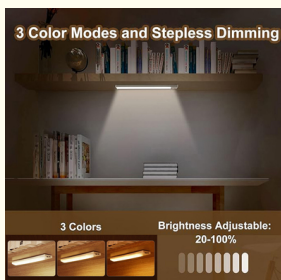

### Product Specification

- Motion Detection Range: <3 Meters
- Sensor Type: Infrared
- Color Temperature: 3000K/4500K/6000K
- Voltage: 3V
- Lighting Modes: On/Off/Auto
- Power Source: Lithium Ion Battery 18650
- Lumens: 100lm
- MATERIAL: ABS
- Installation Method: Wall-mounted
- Wattage: <3W
- Sensor Angle: 120 Degrees
- Size: 10cm/20cm/30cm/40cm
- Highlight: USB Charging LED Motion Sensor Light, Magnetic Suction LED Motion Sensor Light, Magnetic Suction Long Cabinet Light

## Product Description

### LED Motion Sensing Light USB Charging Magnetic Suction Long Cabinet Light

#### About this product

1. LED motion sensor cabinet light: Double row LED excess beads, illuminating dark spaces with super brightness. The ultra-thin and compact design saves you more space.
2. High quality LED lighting with 3 color temperatures (3000K/4500K/6000K) and multiple brightness levels to meet your different needs.
3. 3 mode switches, on off, automatically set to on, off, or motion sensor mode. In automatic mode and dark environments, these cabinet lights will automatically sense human movement within a range of 10 feet/120 ° and automatically turn off after 20 seconds of not moving.
4. USB C rechargeable battery powered light features: Built in high-quality A+lithium polymer batteries, ensuring higher energy density and mobile battery cycle life. It can be easily charged through USB C cables.
5. Easy to install: No drilling or tightening is required during installation. The attached magnet can be attached to any ironwork, such as a refrigerator, or can be easily removed at any time by attaching the attached tape to the tape and iron plate.

### Function description

**Key 2** Short press:cycle switching white light,warm light,neutral light Long press:when the light is on,press the button to turn on and adjust the brightness,and release the button to lock the brightness.(Memory function with brightness)

The initial state is OFF:

Press 1 to enter steady on mode:The induction function does not work in steady on mode. Will not automatically extinguish

**Key 3** Press the second button to enter the daytime induction mode:the light body flashes for 2 times as the prompt, and then enter the daytime induction mode after the flashing  
Press 3 to enter the night induction mode: the light body flashes for 3 times, and then enters the night induction mode  
Press 4 to return to the closed state and repeat

3 easy steps  
Easy to do and beautiful

Installation Mode Display

01 Tear

Tear off the adhesive tape

02 Paste

Snap the light into place

03 Suck

Stick tape on the wall

\*The adhesive is not reusable, tearing it may cause damage to the sticking surface such as the wall, please confirm the position before sticking.

Double row lamp beads  
higher brightness

Large capacity

**Note:** Please fully charge the battery when using it for the first time. When the red light appears, it indicates charging is in progress, and when the red light disappears, it indicates charging has been completed.

Please remove the protective film from the surface of the lamp body before use, and refer to the instructions when using.

# USB CHARGING

Product Name:	LED motion sensor cabinet light
LEDs Type:	SMD 2835
Emitting Color:	3 color (3000K/4500K/6000K)
Quality:	Environmentally friendly shell+high transparency PC
Product characteristics:	Automatic lighting/easy installation
LED Quantity:	10cm/20leds 20cm/52leds 30cm/84leds 40cm/116leds
Amp bead brightness:	single brightness 20lm
Working Voltage:	DC 5V
Product accessories:	Lamp body+magnetic suction piece+charging cable+instruction manual
Packaging	Color Box
Weight	10cm/58g 20cm/80g 30cm/100g 40cm/120g
Dimension	10cm/16*3.5*2.5CM 20cm/26*3.5*2.5CM 30cm/36*3.5*2.5CM 40cm/46*3.5*2.5CM

## Quick detailed information:

- White environmentally friendly shell
- DC 5V
- 3 color temperatures
- Unlimited dimming
- Motion sensors
- Can be moved and disassembled by hand
- Sensing range within 3 meters
- No need for punching and wiring
- Compliant with CE/FCC/ROHS standards
- Support customized packaging
- 2-year warranty

Application scenario: This LED motion sensor cabinet light is suitable for kitchens, bedrooms, wardrobes, food storage rooms, corridors, bathrooms, drawers, attics, basements, children's rooms, cabinets, cabinets, storage rooms, stairwells, garages,

dressings tables, workstations, and other dark indoor areas, or as an emergency light, just in case.

matters needing attention:

1. Open the packaging and carefully inspect the product and accessories
2. Test product functionality
3. Tear off the double-sided tape of the magnet and stick it in the desired position (note: the wall must be flat and neat)
4. This product operates at a voltage of 5V and will not cause fatal harm to the human body. Please use with confidence
