

## 5V Addressable Neon Light Strip With 72 LEDs And 72 WS2811 Integrated Circuits/M

Our Product Introduction

for more products please visit us on [ledslightstrip.com](http://ledslightstrip.com)

### Basic Information

- Place of Origin: Guangdong, China
- Brand Name: LINKOP
- Certification: CE
- Model Number: LCSD-NH072
- Minimum Order Quantity: 100 meters
- Price: \$2.28/meters
- Packaging Details: bag
- Delivery Time: 3-8 work days
- Payment Terms: T/T
- Supply Ability: 100000 meters/month

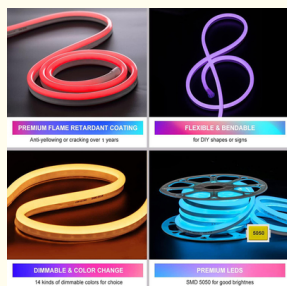

### Product Specification

- Product Name: Addressable RGB Neon
- Product Length: 100m/roll
- Product Specifications: 6\*12mm
- Lifespan: 50,000 Hours
- LED Qty: 72
- Waterproof Level: IP65
- Working Voltage: 5V
- Usage: Indoor/Outdoor
- Type: SMD 5050
- Color: Multi-color
- Leds Per Metre: 120
- Led Chip: SMD5050+2811 IC
- Highlight: Addressable Neon Light Strip,  
5V Neon Light Strip, 72 LEDs Neon Light Strip

### More Images

Regular 100 m/roll  
Other sizes can be customized

## Product Description

### 5V Addressable Neon Light Strip Set With 72 LEDs And 72 WS2811 Integrated Circuits/M

#### About this product

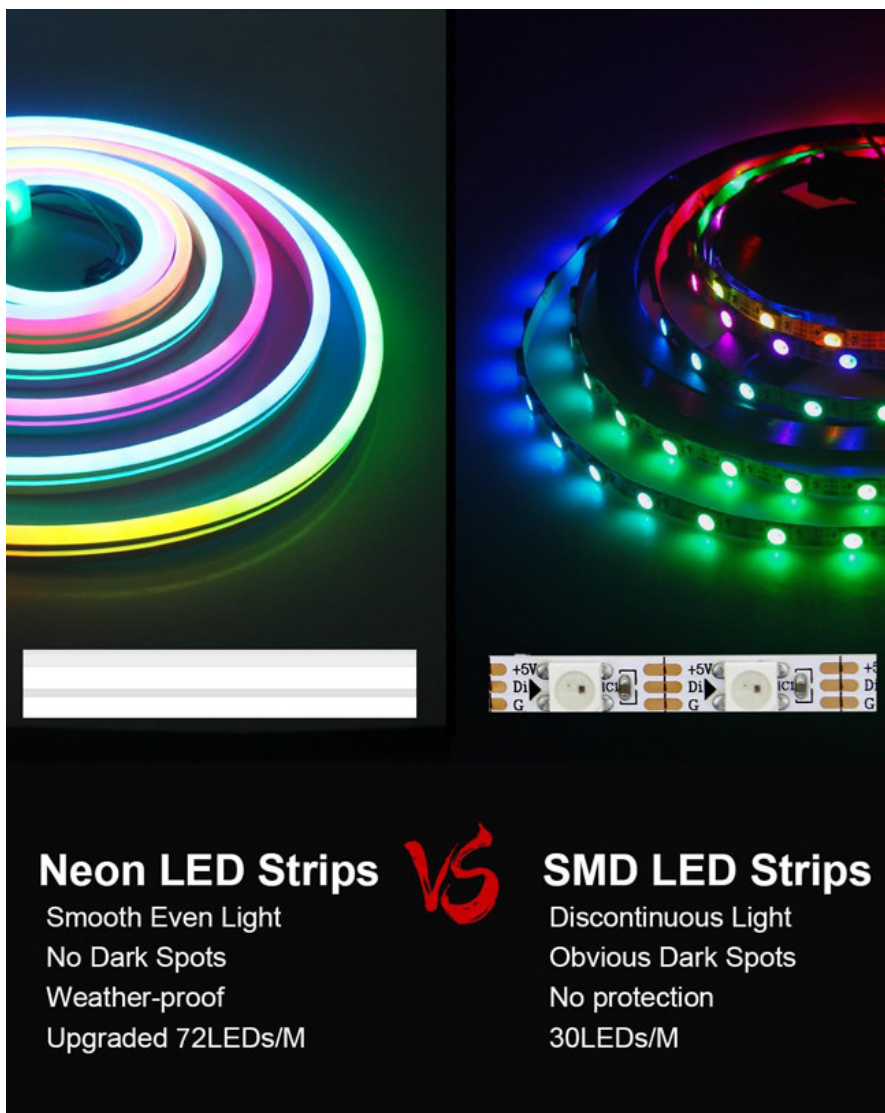

1. [Addressing RGB LED] 5V, with 72 LEDs and 72 WS2811 integrated circuits/m, grouped into 1 LED and 1 IC. Each group can be individually controlled. Equipped with a compatible controller, it will display stunning dynamic color effects such as rainbow, chase, breath, comet, fading, etc.
2. Neon LED flexible strip: It looks like a neon light, but does not require a transformer, glass tube, or inert gas. This new type of neon light strip has a thick and soft silicone cover around it, which makes it more flexible. You can bend it freely, and it can easily bend up to nearly 90 degrees.
3. [Supports multiple controllers] It is compatible with programmable controllers such as Arduino, Raspberry Pi, T1000S, K1000C, etc. Supports SP105E SP601E SP611E application controller, SP107E music controller, and SP108E intelligent WiFi controller.
4. [User friendly design] Using a 3-pin JST-SM connector for connecting the controller. The milky white soft silicone shell gives the light strip good waterproof performance and flexibility.

## IP65 Waterproof

- ✓ Protected by silicone coating
- ✓ Can be use outdoor .(Not underwater)

## Neon LED Strips

Smooth Even Light  
No Dark Spots  
Weather-proof  
Upgraded 72LEDs/M

## SMD LED Strips

Discontinuous Light  
Obvious Dark Spots  
No protection  
30LEDs/M

Product Name:	5V addressable neon light strip set
LEDs Type:	SMD 5050
Emitting Color:	RGB
Quality:	Flexible silicone tube
Product characteristics:	The color of each lamp bead can be controlled individually
LED Quantity:	72 leds
Amp bead brightness:	single brightness 20lm
Working Voltage:	DC 5V
Waterproof class:	IP65
Packaging	Color Box
Dimension	6*12
Package	31X31X15CM 8.5kg(100 m)

### Quick detailed information:

- Flexible silicone tubing
- DC 5V
- RGB+IC
- 72leds+72IC/m
- Can be bent freely
- 100 meters per roll
- Customizable in 5 meters per roll or other sizes
- Addressable neon lights
- Compliant with CE/FCC/ROHS standards
- Support customized packaging
- 1 year warranty

Application scenario: This IP65 waterproof neon light strip is suitable for bedrooms, living rooms, gaming rooms, televisions, kitchens, stairs, and more. This light strip has good waterproof performance and is also suitable for decorating outdoor places

such as trees, house edges, grass shapes, swimming pools, etc.

**Widely Used**

matters needing attention:

1. Open the packaging and carefully inspect the product and accessories
2. Test product functionality
3. This product operates at a voltage of 5V and will not cause fatal harm to the human body. Please use with confidence
