### Basic Information

- Place of Origin: Guangdong, China
- Brand Name: LINKOP
- Certification: CE
- Model Number: LC-ZHY-24V2835LS-IP20
- Minimum Order Quantity: 100 meters
- Price: \$1.1/meters
- Packaging Details: bag
- Delivery Time: 3-8 work days
- Payment Terms: T/T
- Supply Ability: 100000meters/month

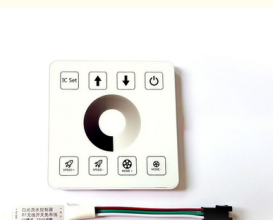

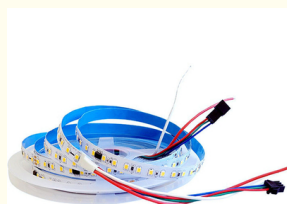

### Product Specification

- Item Type: 2835 Chasing LED Strip
- Colour: Blue, white, warm, neutral
- Led Type: SMD 2835
- Type: Single Color Led Strip
- Input Voltage: DC 24
- Led Quantity: 120 LEDs/m
- Life: 30,000h
- Ip Rating: IP20
- Highlight: 24v LED Strip Lights, 2835 LED Strip Lights, Led Running Horse 2835 Linear Lights

## Product Description

### 24v Water Light With Led Running Horse Light 2835 Linear Light

#### Product Description:

With 120 bright and efficient LED lights, our flexible LED light strips come in a variety of colors to choose from, including blue, white, warm, and neutral, allowing you to easily create the perfect atmosphere for your home, office, or commercial space. Whether you want to add a touch of color to your living room, highlight your favorite artwork, or create a unique display in your store, our LED lights are the perfect choice.

Our LED light strip is easy to install and comes with a switch mode remote control, making it easy to turn on and off your lights, adjust brightness, and change color modes. Therefore, whether you are looking for soft and warm light or bright and vivid displays, our 2835 single color LED strip is the perfect choice.

Our LED light strips are made of high-quality PVC, with a flexible and durable design, making them the perfect choice for a wide range of applications. From key lighting to task lighting, our LED light strips are the perfect choice for anyone looking for a multifunctional and energy-efficient lighting solution.

So, why wait? Order your LED light strips today and start enjoying the benefits of high-quality and customizable lighting in your home or office!

#### Features:

**Product Name:** LED STRIP LIGHTS

**Input Voltage:** DC 24

**Emitting Colour:** Blue, White, Warm, Neutral

**Led Type:** SMD 2835

**Item Name:** LED Strip Light

**Led Specification:** SMD 3528/0.064W

**Dimmable LED Strip Lighting**

**Adhesive LED Rope Lights**

**Easy to install**

**Flexible design**

**Low heat emission**

**Energy efficient**

#### Technical Parameters:

Voltage	24V
Switch Mode	Remote Control
Led Quantity	120 LEDs/m
Input Voltage	DC 24
Led Specification	SMD 3528/0.064W
Emitting Colour	Blue, White, warm, neutral
Life	30,000h
Weight	2.29oz / 65g
Lamp Body Material	PVC
Led Type	SMD 2835

#### Applications:

Flexible LED lights come in different lengths and quantities, making them suitable for both small and large spaces. The SMD 3528/0.064W LED specification ensures energy efficiency and durability of the lamp. IP20 rating is suitable for indoor use.

Here are some occasions and scenarios where LED light strips can be used:

**Home Decoration:** Use LED light strips to add a touch of atmosphere to your home decor. These lights can be placed under cabinets, behind televisions, and on ceilings to achieve dramatic effects.

**Party:** Use flowing water to chase LED light strips to create a party atmosphere. These lights can be placed on walls, tables, or even on dance floors to create a fun and festive atmosphere.

**Festivals:** Use LED lights to decorate your home during festivals. These lights can create a festive atmosphere along the roof line and around the windows.

Retail Display: LED light strips can be used to create eye-catching retail displays. These lights can be placed around product displays or along walls to create dramatic effects.

The lightweight design of LED light strips makes them easy to install and move. The quantity of 120 LEDs per meter ensures bright and vibrant lighting. With so many applications and scenarios, LED flowing chase light strips are essential for anyone who wants to add some highlights and atmosphere to their space, birthday parties, or wedding venues.
