12v Rgb Led Strip Light Smd 5050 Non-Waterproof Ip20 30 Leds/M

Product Description:

These Adhesive LED Rope Lights come in two different LED quantities, 30pcs per meter, allowing you to choose the right level of brightness for your needs. The LED Strip Lights can be cut to your desired length, making them perfect for customizing to fit any space. They are designed to be flexible and can be bent or curved to fit around corners or any other obstacles.

These Color-Changing Light Strips are perfect for setting the mood in any room, with their ability to change colors and brightness. Choose from a variety of colors and effects, including flashing, fading, and strobing. The LED Strip Lights can be controlled using a remote, giving you the ability to change the color and brightness of the lights from anywhere in the room.

With a lifespan of 30,000 hours, you can be sure that these LED Strip Lights will last for years to come. They are also energy efficient, using only 12V of power, making them an eco-friendly choice. They are lightweight, weighing only 2.29 ounces or 65 grams, making them easy to handle and install.

Whether you're looking to add a fun pop of color to your living room, or you want to set the mood in your bedroom, these LED Strip Lights are the perfect solution. They are easy to install, customizable, and energy efficient, making them a great choice for any home improvement project.
