Product Description

Dc 5V dimmable LED light belt, infrared 24-key mini light strip set

Product Description:

Our LED light strips come in two different LED counts, 12 and 18, allowing you to flexibly choose the lighting quantity that suits your space. These adhesive LED string lights are also dimmable, which means you can adjust the brightness according to your preferences for a more comfortable and personalized lighting experience.

One of the best features of our LED light strips is their long lifespan of up to 30000 hours, ensuring that you don't need to replace them in the coming years. They are perfect for use in homes, offices, shops, and even restaurants, providing a vibrant and colorful atmosphere that is sure to leave a lasting impression on your guests.

Overall, our LED light strips provide a high-quality and versatile lighting solution that is perfect for anyone who wishes to add some colorful and customizable lighting to their space. With their color changing light strips, adhesive LED string lights, and long lifespan, they are sure to provide a bright and vibrant atmosphere in the coming years.
