Product Description

Retro Cross Shaped Led Light With C-Type Usb Interface, Touch Controlled Tri Color Dimming

Product Description:

The LED table lamp is designed with convenience in mind. It features a Type-C-USB interface that allows you to charge your lamp via USB, making it easy to use and convenient to charge. You can charge it with your laptop, power bank, or any USB charger you have. This feature makes the lamp an ideal choice for those who are always on the go and need a lamp that can keep up with their busy lifestyle. The LED table lamp is also designed to provide you with the perfect amount of light. It features a brightness control that allows you to adjust the light to your desired level of brightness. This feature makes it an ideal choice for those who need a lamp that can provide them with the right amount of light for any task, whether it's reading, working, or relaxing. LED desk lamp is a retro and durable metal desk lamp. It has three colors to choose from - Black, Gold, Silver - to suit any decoration. This lamp is designed to be placed on a desk or table, making it perfect for use in office or home environments. When you purchase the LED table lamp, you can rest assured that you are getting a quality product. It comes with a 12 months quality guarantee, giving you peace of mind that your lamp will last for years to come. In summary, the LED table lamp is a versatile, convenient, and stylish lighting solution that is perfect for use in a variety of application scenarios. It features a Type-C-USB interface for easy charging, a brightness control for adjustable light levels, and a metal desk lamp design that is both stylish and durable. With a 12-month quality guarantee, you can trust that this lamp will provide you with years of reliable use.
