

Dc 5v Bluetooth App Rgb Led Controller With Brightness Adjustment And Microphone

Our Product Introduction

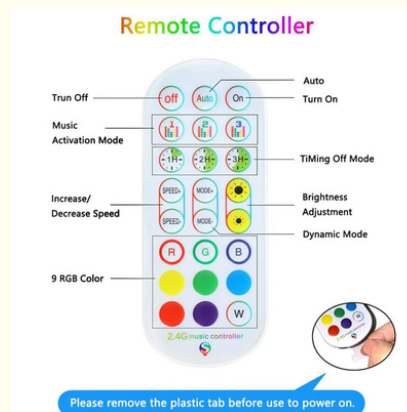

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Linkop
- Certification: CE
- Model Number: LCSD-2.4G-24K+3-W
- Minimum Order Quantity: 10pcs
- Price: \$2.1/Pcs
- Packaging Details: bag
- Delivery Time: 3-8 days
- Payment Terms: TT
- Supply Ability: 300000pcs/ month

Product Specification

- Smart Connect: Bluetooth APP
- Input Port: USB
- Applicable Types: RGB
- Remote Control Unit: 24key
- Attribute: Built-in Microphone
- Adjust Brightness: Yes
- Change Color: Yes
- Control Distance: 5-10 Meters
- Highlight: Dc 5v Rgb Led Controller, Microphone Rgb Led Controller, Bluetooth Rgb Led Controller

Product Description

Dc 5v Bluetooth App Rgb Led Controller With Brightness Adjustment And Microphone

Product Description:

The working voltage of the LED controller is DC5V, which means it can be used with various lighting systems. This means you can use it with various 5V LED strips to ensure you get the correct lighting effect for your needs.

This product is perfect for those who want to easily control RGB lighting. It is compatible with a range of different types of lights, including color changing light remote controls. This means that you can easily change the color of your light to suit your mood or occasion. The LED controller is also equipped with a 2.4G24 key remote control, allowing you to control the lights from a distance. This is perfect for those who want to create a comfortable and cozy atmosphere without having to wake up and manually change settings.

The LED controller also comes with a Bluetooth application that allows you to control the lights using your smartphone. This feature is perfect for those who want to control lighting from a distance or customize lighting settings. The Bluetooth application is easy to use, with just a few taps on your smartphone to control the lights.

For those who want to manually control lighting or create their own lighting settings, this is perfect. Easy to use, allowing you to easily control your lights.

In short, LED controllers are an essential tool for anyone who wants to create a colorful and vibrant atmosphere in their home or outdoor space. Its versatility, compatibility, and ease of use make it the perfect lighting accessory for any occasion. Whether you're hosting a party, having a romantic dinner, or just relaxing with your family, this RGB LED controller is the perfect tool for creating perfect lighting settings.
