

Tuya Wifi Led Controller For Strip Light With Remote And App Control

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Linkop
- Certification: CE
- Model Number: LCSD-SHY-04-tuya
- Minimum Order Quantity: 10pcs
- Price: \$3.6/Pcs
- Packaging Details: bag
- Delivery Time: 3-8 days
- Payment Terms: TT
- Supply Ability: 300000pcs/ month

Product Specification

- Network Protocol: IR
- Output: 1to1/1to2
- Working Voltage: DC12V-24V
- Voltage: 12V
- Max Load Current: 12A
- Battery: CR2025 Battery 1pcs
- Smart Connect: Wifi APP
- Control Distance: 5-10 Meters
- Highlight: Tuya Wifi Led Controller , Remote Control Led Controller , App Control Led Controller

Product Description

Tuya Wifi Led Controller For Strip Light With Remote And App Control

Product Description:

The LED Controller comes with a CR2025 battery, providing long-lasting power to the device. The battery ensures that you can use the controller for extended periods without worrying about battery replacement. The LED Controller also includes Smart Connect, which allows you to connect the controller to your smartphone via TUYA WIFI APP. This feature enables you to control your LED lights from your phone, giving you more control and flexibility.

The LED Controller is incredibly easy to use, and it allows you to change the color of your lights effortlessly. You can control the color of your LED lights using your smartphone or the 24 key remote control that comes with the device. The remote control uses a IR controller, which means you can control your LED lights from a distance without any interference.

The LED Controller is perfect for anyone who wants to have complete control over their LED lights. The device is easy to set up and use, and it provides a wide range of features that make it an excellent choice for anyone looking for a high-quality LED controller. With the LED Controller, you can change the color of your LED lights to suit your mood or the occasion, making it a versatile and practical device.

In summary, the LED Controller is an excellent product that provides an easy and convenient way to control your RGB lights. With its compatibility with a wide range of LED lights, long-lasting battery life, and TUYA WIFI APP feature, it is the perfect solution for anyone looking for a high-quality LED controller. The LED Controller also comes with a 24 key remote control and IR controller, making it even more convenient to use. Get yours today and start enjoying complete control over your LED lights!

Features:

Product Name: led controller

Input port: DC12V/24V

Max Load Current: 12A

Output port: 4 PIN

Remote control unit: 24key

Mobile app: tuya wifi

Easily control your LED lighting system with our tuya wifi LED controller. Choose from a 24-key remote controller or use our mobile app to adjust lighting from your smartphone.

Technical Parameters:

Mode	MUSIC/Voice Control
Battery	CR2025 Battery 1pcs
Change color	Yes
Max Load Current	12A
Working Voltage	DC12V-24V
Applicable types	RGB
Adjust brightness	Yes
Attribute	Built-in Microphone
Voltage	5-24V
Output	1to1/1to2
Remote Control	24-key controller

Applications:

Linkop LCSD-SHY-04-tuya LED controllers are a perfect solution for controlling RGB lights with controller. These controllers can be used in a wide range of occasions and scenarios. Whether you are throwing a party, decorating your home, or setting up a stage for a concert, Linkop LCSD-SHY-04-tuya LED controller is the perfect fit for you.
