Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Linkop
- Certification: CE
- Model Number: LCSD-RF9K
- Minimum Order Quantity: 10pcs
- Price: \$1.15/Pcs
- Packaging Details: bag
- Delivery Time: 3-8 days
- Payment Terms: TT
- Supply Ability: 300000pcs/ month

Product Specification

- Battery: CR2025 Battery 1pcs
- Network Protocol: RF
- Input Port: 2-pin Cable
- Remote Control Unit: 9key
- Control Distance: 5-10 Meters
- Adjust Brightness: Yes
- Max Load Current: 12A
- Connection Mode: DC OR 2 PIN
- Highlight: Single Color Rf Led Controller , Remote Rf Led Controller , Cr2025 Battery Rf Led Controller

Product Description

Rf Led Single Color Controller With Remote (9-Key) Including Cr2025 Battery

Product Description:

The LED Controller comes with a 9 key remote control, which allows you to adjust the brightness of your LED lights from a distance. This feature makes it perfect for use in a variety of settings, including homes, offices, and industrial settings. With the ability to adjust the brightness of your LED lights, you can create the perfect ambiance for any occasion.

The LED Controller is designed to be easy to use, even for those who are not familiar with LED lighting. The controller has a simple interface that allows you to adjust the brightness of your lights with just a few clicks. The product does not allow you to change colors, but the ability to adjust the brightness of your lights makes up for it.

If you are looking for a high-quality LED controller that is easy to use and capable of handling a maximum load current of 12A, then the LED Controller is the perfect product for you. With its Aluminum enclosure and 24 key remote control, this product is sure to meet all of your needs. Whether you are looking to create the perfect ambiance in your home or office, or you need a powerful tool for industrial use, the LED Controller is the perfect choice.

Features:

Product Name: led controller
Input port: DC OR 2 PIN
Output port: DC OR 2 PIN
Control Distance: 5-10 Meters
Network Protocol: RF
Max Load Current: 12A
Features:
LED lighting system control
Dimming light remote
Mini controller

Technical Parameters:

Change color	No
Control Distance	5-10 Meters
Max Load Current	12A
Remote control unit	9key/
Connection mode	DC OR 2 PIN
Adjust brightness	Yes
Applicable types	Single Color
Input port	DC/2 PIN
Network Protocol	RF
Battery	CR2025 Battery 1pcs

9-key Dimmer, 9 key remote control

Applications:

The Linkop LCSD-RF9K LED controller has two connection modes, DC and 2 PIN. The remote control has 9 buttons, allowing users to control the intensity and brightness of the LED lights. The input port of this product is DC/2 PIN, which is convenient for connecting to a power source. The LED controller can operate within a voltage range of 5-24V, making it suitable for various LED lights.

The Linkop LCSD-RF9K LED controller is suitable for various occasions and scenarios, and is a multifunctional product. For example, this LED controller is perfect for home lighting, as you can use it to adjust the brightness and intensity of LED lights to create a perfect atmosphere. In addition, this product is suitable for commercial use, such as lighting in restaurants, hotels, and other entertainment venues.
