Product Description

12v 12w/M Flexible 5 M Ip20 Led Cob Light With 320 Leds/M Single Color

Product Description:

COB LED strip provides a color rendering index of 90+, ensuring realistic and vibrant colors. In addition, it has a beam angle of 180 degrees, providing sufficient coverage for various lighting needs.

This type of light strip is an ideal choice for creating color and dynamic lighting effects. Whether used in commercial or residential environments, COB LED light strips can be easily adjusted to match any mood or occasion.

Designed to be durable and long-lasting, this light strip is easy to install and operate. Its flexible design allows it to bend and shape to fit any space, making it an ideal choice for use in various settings.

Whether used for key lighting, task lighting, or general lighting, COB LED strips are a versatile and reliable choice. With its adjustable dimming and cutting capabilities, high color rendering index, and wide beam angle, this light strip is the perfect choice for anyone seeking customized and energy-efficient lighting solutions.

IP Rating: IP20

Luminous Flux: 1000lm/m

CRI: 90+

Low Voltage Line Lamp

COB 480 LEDs

Technical Parameters:

| | |
|--------------------|--|
| Dimmable: | Yes |
| Cutable Length: | 2.5MM |
| Warranty: | 1 Years |
| Luminous Flux: | 1000lm/m |
| Cri: | 90+ |
| Color Temperature: | Single Color |
| Colour: | White light, warm white light, neutral light, red, green, blue, pink, purple, golden, ice blue |
| Power: | 12W/m |
| Led Type: | COB |
| Input Voltage: | 12V |

Applications:

Introducing the Linkop COB LED Light Strip, a versatile and high-quality lighting solution designed to meet your various lighting needs. This flexible strip lamp is perfect for a wide range of applications, thanks to its numerous features and benefits.

Product Application Occasions

The COB light strip is ideal for use in a variety of settings and scenarios, such as:

Residential homes

Offices and commercial spaces

Hotels and restaurants

Retail stores and shopping malls

Event and stage lighting

Exhibition booths and displays

Museums and galleries

Landscape and architectural lighting

Whether you need ambient lighting, task lighting, accent lighting, or decorative lighting, the COB light strip can deliver the right illumination for your needs.

Product Application Scenarios

The Linkop COB LED Light Strip can be used in various scenarios, such as:

Under cabinet lighting

Cove lighting

Backlighting

Signage lighting

Stair lighting

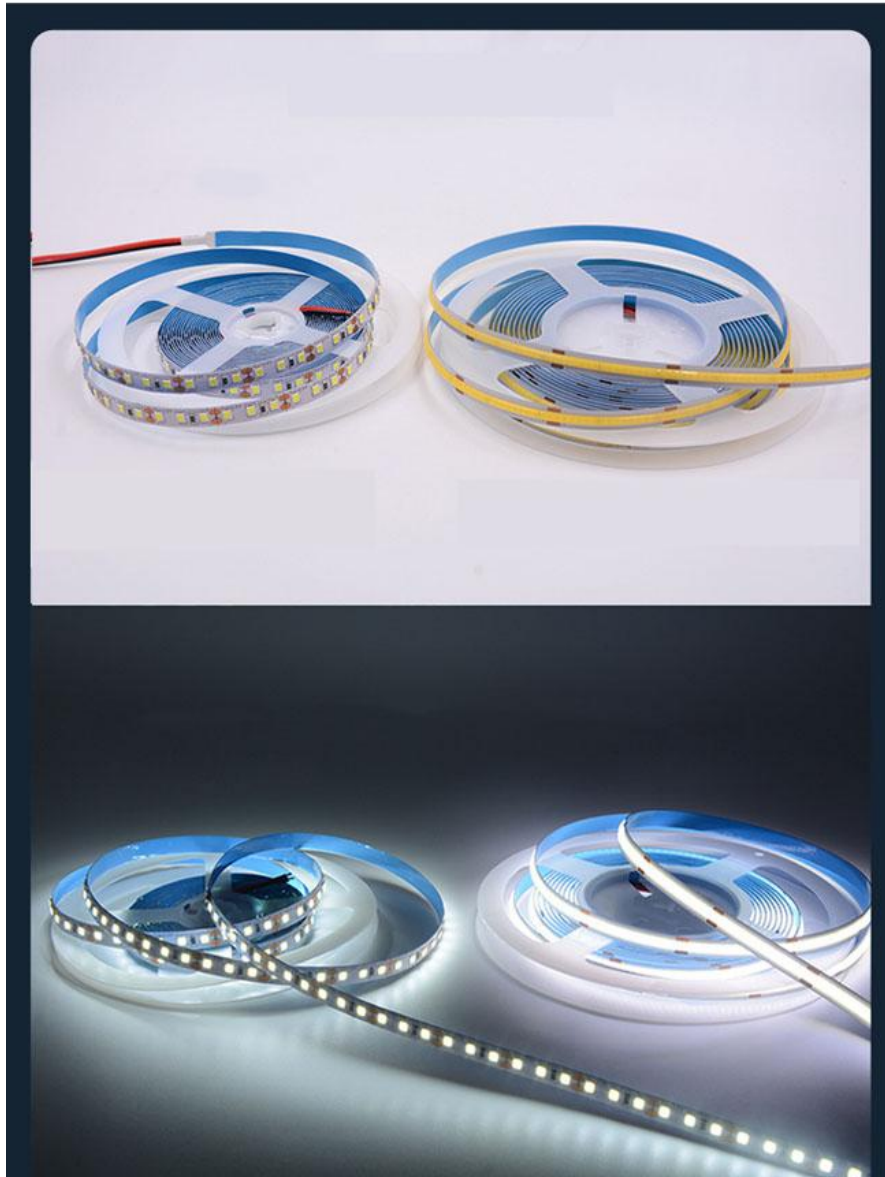

Edge lighting

Path lighting

Furniture and shelf lighting

With its 12V input voltage and 180-degree beam angle, 480leds/m, the COB light strip provides bright and even illumination that can enhance any space or object. Its dimmable feature allows you to adjust the brightness according to your preference or mood, while its cuttable length of 2.5mm enables you to customize the size and shape of the strip to fit your specific needs.

The Linkop COB LED Light Strip is also CE certified, ensuring that it meets the highest quality and safety standards. With a minimum order quantity of 100 meters and a supply ability of 200000 meters per month, you can trust that you will receive the quantity you need in a timely manner. The product comes packaged in a bag and can be delivered within 3-8 days. Payment terms are TT, and the product comes with a 1-year warranty.
