IP20 RGB IC COB LED Light Strip 2.5MM Cuttable 3-10MM 1000lm/M 12W/M 5-24V

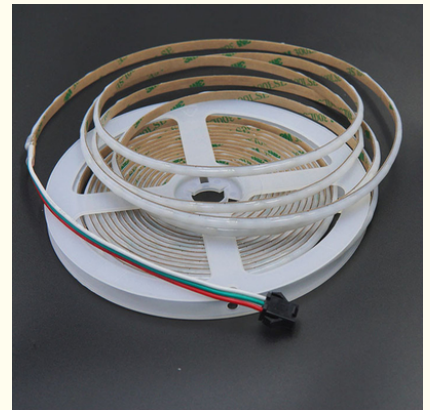

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Linkop
- Certification: CE
- Model Number: LC-SX-COB-ADD-576D-10MM
- Minimum Order Quantity: 50 meters
- Price: $3.3/meters
- Packaging Details: bag
- Delivery Time: 3-8 days
- Payment Terms: TT
- Supply Ability: 200000meters/ month
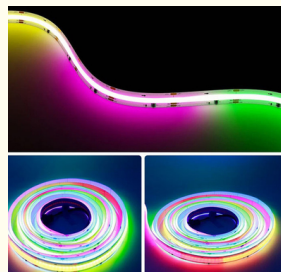

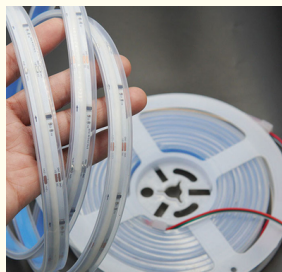

Product Specification

- Power: 12W/m
- Operating Voltage: 12V/24V
- Ip Rating: IP20
- Input Voltage: 12V/24V
- Width: 10mm
- Luminous Flux: 1000lm/m
- Color Temperature: RGB IC
- Cuttable Length: 2.5MM
- Highlight: **RGB IC COB Light Strip**, **IP20 COB LED Light Strip**, **COB LED Light Strip 1000lm/M**

12W/m 5-24V IP20 RGB IC 2.5MM Cuttable 3-10MM 1000lm/m Led Strip

Product Description:

The beam angle of COB LED strip is 180 degrees, ensuring that the light is evenly distributed across the entire surface. It is also cuttable every 2.5 millimeters, allowing for easy customization to fit any project. There are two options for 576 LEDs and 720 LEDs per meter, and this light strip provides excellent brightness and illumination.

The COB LED strip has an IP20 rating and is suitable for indoor use. This product is very suitable for creating accent lighting, cabinet lighting, and other decorative lighting applications. It can also be in RGB, allowing for more customization options.

If you are looking for a 12V or 24V linear light, COB LED strip is a great choice. It is easy to install and provides good brightness and lighting. Whether you are a professional or a DIY enthusiast, this product is suitable for various lighting projects.

Features:

Product Name: COB LED Light Strip
Product Attribute: Addressable RGB
Width: 10mm
IP Rating: IP20
Luminous Flux: 1000lm/m
Beam Angle: 180 Degrees
Low Voltage Line Lamp

Technical Parameters:

|	
Luminous Flux	1000lm/m
Warranty	1 Years
Cuttable Length	2.5MM
Operating voltage	12V/24V
Cri	90+
Led Type	COB
Product attribute	Addressable RGB
Beam Angle	180 Degrees
Input Voltage	12V/24V
Ip Rating	IP20

Applications:

One of the main features of Linkop LC-SX-COB-ADD-576D-10MM LED strip is its addressable RGB and built-in 2811ic design, giving you dreamy colors. Its low-voltage circuit is also relatively safe. This enables the safe use of light strips in a wide range of settings, including homes, offices, and commercial spaces. In addition, the light strip is not waterproof, making it very suitable for indoor use, and there is no problem with moisture and water exposure.

The Cobb LED strip is also very flexible and can be easily cut to fit any space. This makes it highly suitable for various applications, including accent lighting, ambient lighting, cabinet lighting, and task lighting. The light strip can be easily installed using the accompanying adhesive backing, making it easy to add light to any area.

This Cobb LED strip is CE certified, ensuring it meets the highest safety and quality standards. The minimum order quantity for this product is 50 meters, packaged in a convenient bag for easy transportation and storage. The delivery time of the product is generally 3-8 days, and the payment method is TT.

Linkop LC-SX-COB-ADD-576D-10MM LED strip is a highly versatile lighting solution that can be used in a wide range of settings and applications. With its low-voltage streetlight design, non waterproof structure, and flexible cutting ability, this light strip is an ideal choice for anyone looking for an easy to install and flexible lighting solution.
