## Product Description

### Usb Rechargeable Silicone Led Night Light, Timed Sleep, Children'S Bedside Dimming Night Light

#### Product Description:

Our LED night light features a dimming function, allowing you to adjust the brightness to your liking. This is great for those who want to use the nightlight as a reading lamp or need a little extra light to get around at night. The nightlight is battery chargeable, making it easy to use without worrying about cords or outlets. Simply plug it in to charge and enjoy up to 4-6 hours of battery life. This makes it perfect for use during power outages or when you need a little extra light on the go. Each carton contains 100 pieces of our rechargeable nightlight, making it a great option for businesses or organizations that need to purchase in bulk. Overall, our rechargeable nightlight is a great addition to any home or office. With its automatic LED lamp, warm night light for kids, and convenient battery charging, it is sure to provide you with the light you need when you need it.
