Product Description

Usb Charging Cartoon Dimming Led Night Light With 4 Color Options, 2w Energy-Saving Night Light

Product Description:

The control type of this night light is a button. Simply turn on the switch and gently tap with your hand to adjust the brightness. This is a very convenient feature.

The power source of this LED night light is a rechargeable lithium battery, which is durable and long-lasting. The 500mAh battery capacity ensures long-term use. The product also comes with a USB charging cable, which means you can easily plug it into a laptop, power bank, or any USB wall adapter. The night light comes with a USB cable, so you don't have to worry about purchasing it separately. This LED night light comes in green/black/pink/yellow colors, with 4 color options to choose from and can be paired with any decoration. The soft silicone material and cute and stylish design make you love this night light. The warm light of this night light will create a comfortable and relaxing atmosphere in your room, making it the perfect choice for reading, studying, or relaxing after a long day. In short, if you are looking for a children's LED night light that is easy to use, energy-efficient, and provides a warm and soothing light, then this LED illuminated night light is your perfect choice. This is a great product that can be added to any bedroom, daycare, and will help you and your family sleep better at night. It can also be given as a gift to children and friends, making it a great option.

Applications:

Linkop LC-MY-OTO LED night light is a warm color changing night light that is perfect for children's rooms. You can adjust the brightness by gently tapping, providing a fun and engaging environment for children. Adjustable LED night lights can also be used as decorative elements in the living room, adding a touch of elegance and refinement to the space.

The on/off button allows you to manually turn on and off the lights, giving you full control over the product, or automatically turn off the

lights through a timer.

Linkop LC-MY-OTO LED night light is easy to install and comes with a color box packaging. Through CE certification, the minimum order quantity is 10pcs. The product is produced in Guangdong, China, with a delivery time of 3-8 days. The payment method is wire transfer, and the supply capacity is 300000 pieces per month.

In summary, Linkop LC-MY-OTO LED night light is a multifunctional and practical product that can be used in various occasions and scenarios. Its adjustable brightness and energy-saving control mode make it a must-have product for any household. Whether you are looking for a decorative piece or functional night light, Linkop LC-MY-OTO LED night lights have been covered for you.
