

## Warm Color Led Induction Night Light Ip20 Wall Mounted Us Eu Light Controlled

### Our Product Introduction

for more products please visit us on [ledslightstrip.com](http://ledslightstrip.com)

#### Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Linkop
- Certification: CE
- Model Number: LC-SP-xyd0101
- Minimum Order Quantity: 10pcs
- Price: \$8/Pcs
- Packaging Details: color box
- Delivery Time: 3-8 days
- Payment Terms: TT
- Supply Ability: 300000pcs/ month

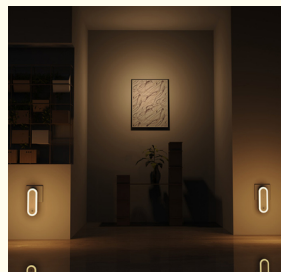

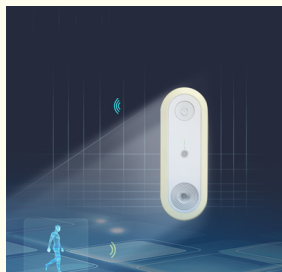

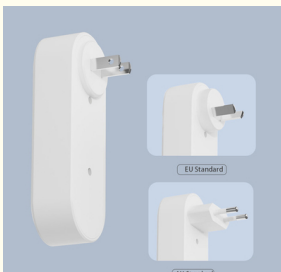

#### Product Specification

- Plug Specification: US/EU
- Carton Pcs: 100 Pcs
- Power: 1.5W
- Color Temperature(CCT): 2700K
- Light Source: LED
- Function: Negative Ion Purification
- Waterproof Level: IP20
- Folded: NO
- Highlight: **Led Induction Night Light Ip20, Wall Mounted Induction Night Light, Warm Color Induction Night Light**

## Product Description

### Warm Color Led Night Light Ip20 Wall Mounted Us Eu Light Controlled Induction Night Light

#### Product Description:

A major feature of this LED night light is its negative ion purification function. This function helps purify the air in the surrounding environment, making it safer and healthier to breathe. This is particularly useful for those who suffer from allergies or respiratory diseases, as it can help reduce the presence of allergens and other irritants in the air.

The waterproof rating of this LED night light is IP20. This means it can only be used indoors and can be safely used in areas such as bathrooms and kitchens. This type of lamp is also durable and a reliable choice for any household.

The color temperature of the LED night light is 2700K, providing warm and comfortable light that is perfect for creating a relaxed atmosphere. CRI (Color Rendering Index) exceeds 80, ensuring accurate color presentation and enhancing the visual appeal of any room.

Touch switch is another important feature of this LED night light. This switch allows you to easily turn on and off lights without having to fumble with a traditional switch. Touch switches are easy to use and very suitable for children or those who may find it difficult to use traditional switches.

In short, LED night lights are a must-have for any household. It has negative ion purification function, light controlled sensing, warm color temperature, high color rendering index, and easy-to-use touch switch, making it the perfect complement to any bedroom, hallway, or other area of the home. So, why wait? Order your LED night light today and start enjoying the benefits of this fantastic product!
