

## Universal Led Power Supply Dc 12v Adapter With T Dc Head Us Plug Power Adapter

### Our Product Introduction

for more products please visit us on [ledslightstrip.com](http://ledslightstrip.com)

#### Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Linkop
- Certification: CE/FCC/ROHS
- Model Number: LC-HXY-122000
- Minimum Order Quantity: 10pcs
- Price: \$1.26/Pcs
- Packaging Details: bag
- Delivery Time: 3-8 days
- Payment Terms: TT
- Supply Ability: 300000pcs/ month

#### Product Specification

- Input: 100-240VAC 50/60HZ
- Connection: Plug In
- DC Cable: 1M/1.2M/1.5M/Customized
- Product Name: 12V2A Power Adapter
- Certificate: CE/FCC/ROHS
- Type: AC-DC
- AC Plug: EU/AU/UK/US
- Mtb: ≥50,000hours
- Highlight: **Led Power Supply Dc 12v,  
T Dc Head Plug Power Adapter,  
Dc 12v Led Power Adapter**

## Product Description

### Led Universal Power Supply Dc 12v Adaptor With T Dc Head Us Pulg Power Adapter

#### Product Description:

Our LED power supply comes with a 2-year warranty, giving you peace of mind and ensuring that you invest in high-quality products. The warranty covers any defects in materials and workmanship, so you can be confident that you will receive a durable product.

Our LED power DC cables are available in 1M, 1.2M, and 1.5M sizes, and can also be customized according to your specific needs. This means that no matter where you need to place the LED lights, you can use this product to power them. The design of DC cables is to provide a stable and reliable connection, ensuring that your LED lights stay on as long as you need them.

Our LED power supply is a plug-in type that makes it easy to use and install. Simply plug it into a wall socket and connect it to an LED light transformer, LED power converter, or LED power distributor. This product is designed to be user-friendly and easy to use, making it the perfect solution for professionals and DIY enthusiasts.

The output type of our LED power supply is DC, which means it is specifically designed to power LED lights. This can ensure that your LED lights receive the necessary power and maintain normal operation. Whether you are using this product for commercial or residential purposes, and it is a universal power supply, you can be confident that it will provide reliable and consistent performance.

#### Features:

Product Name: LED Power Supply

MTBF: ≥50,000 hours

Input: 100-240VAC 50/60HZ

Output: 12V2A/24W

Output Type: DC

Color: White, Black, Customized

Output Description:

LED Power Adapter

LED Power Controller

LED Power Transformer

#### Technical Parameters:

Technical Parameter	Description
Product Name	12V2A Power Adapter
Connection	Plug In
Certificate	CE/FCC/ROHS
DC Jack(plug)	5.5*2.1MM/ 5.5*2.5MM/ Custom
DC Cable	1M/1.2M/1.5M/Customized
MTBF	≥50,000 hours
Output	12V2A/24W LED Power Transformer, led lamp energy supply, led luminaire power inverter
Input	100-240VAC 50/60HZ
AC Plug	EU/AU/UK/US
Warranty	2 Years

#### Applications:

The Linkop LC-HXY-122000 LED Power Supply is a high-quality product originating from Guangdong, China. It is certified with CE/FCC/ROHS, ensuring that it is a safe and reliable power supply for your LED luminaire power inverter. The minimum order quantity is 10pcs with packaging details in a bag. It can be delivered in 3-8 days and payment terms are TT. The supply ability is 300000pcs/ month, making it a readily available product.

The output type of the Linkop LC-HXY-122000 LED Power Supply is DC with a Dc Jack(plug) option of 5.5\*2.1MM/ 5.5\*2.5MM/ Custom. It is available in white, black or customized colors. The output voltage is 12V2A/24W, making it suitable for a range of LED power supply adapter applications.

The Linkop LC-HXY-122000 LED Power Supply is ideal for a range of product application occasions and scenarios, including:

**LED strip lights:** The Linkop LC-HXY-122000 LED Power Supply is perfect for powering LED strip lights, providing a stable and reliable power source for your lighting needs.

**LED signage:** The Linkop LC-HXY-122000 LED Power Supply can power LED signage, ensuring that your signs are visible and bright.

**LED displays:** The Linkop LC-HXY-122000 LED Power Supply is perfect for powering LED displays, providing a stable and reliable power source for your displays.

**LED bulbs:** The Linkop LC-HXY-122000 LED Power Supply can power LED bulbs, ensuring that your bulbs are bright and long-lasting. In summary, the Linkop LC-HXY-122000 LED Power Supply is a high-quality, reliable, and safe product that is suitable for a range of LED power supply adapter applications. Its output voltage of 12V2A/24W makes it perfect for powering a range of LED products, including strip lights, signage, displays, and bulbs. With a minimum order quantity of 10pcs and a supply ability of 300000pcs/ month, it is readily available for all your LED power supply needs.
