Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Linkop
- Certification: CE/FCC/ROHS
- Model Number: LC-HXY-CDQ-120W
- Minimum Order Quantity: 10pcs
- Price: \$12.8/Pcs
- Packaging Details: bag
- Delivery Time: 3-8 days
- Payment Terms: TT
- Supply Ability: 300000pcs/ month

Product Specification

- Mtbh: ≥50,000hours
- Output: 24V5A
- Power: 120W
- Input: 100-240V/0.8A
- Usage: Suitable For Cars And Motorcycles
- Connection: Plug In
- Certificate: CE/FCC/ROHS
- Logo: Customized Logo OEM ODM
- Highlight: 120w Led Power Driver, Led Power Driver 24v, 5a Automotive Led Power Driver

Product Description

120w Yellow Orange Led Power Driver For Automotive Applications 24v 5a With Touch

Product Description:

One of the key features of this LED Power Converter is its power rating. With a power range of 24W-120W, this device is capable of handling a wide range of power needs. Whether you're running a small device or a larger one, this LED electric power unit can handle it. This makes it an ideal choice for anyone who needs a reliable and versatile power source.

In addition to its power capabilities, this LED Power Converter also comes with a range of plug options. Available in EU, AU, UK, and US configurations, this device can be used all around the world. This makes it an ideal choice for anyone who travels frequently or needs a device that can be used in different countries.

The Fast Lead-acid Battery Charger is also incredibly easy to use. Simply plug it in and you're ready to go. It's lightweight and portable, so you can take it with you wherever you go. Whether you're at home, in the office, or on the go, this LED Power Converter is the perfect choice for all your power needs.

This LED electric power unit is specifically designed for use with cars and motorcycles. It's perfect for anyone who needs to charge their battery quickly and efficiently. Whether you're going on a road trip or just need to charge your battery at home, this LED Power Converter is the perfect choice.

Overall, the Fast Lead-acid Battery Charger is an excellent choice for anyone who needs a reliable and efficient LED Power Converter. With its high power rating, versatile plug options, and easy-to-use design, it's the perfect choice for all your power needs. So why wait? Order yours today and experience the power and convenience of this amazing device!

Features:

Product Name: led power supply

Usage: Suitable For Cars And Motorcycles

Warranty: 2 Years

Color: Yellow/Orange

Logo: Customized Logo OEM ODM

Certificate: CE/FCC/ROHS

Compatibility: US/EU/UK/AU

Function: led panel driver unit

Power Source: Wall power adapter

Technical Parameters:

Product Name	Fast Lead-acid Battery Charger
Usage	Suitable For Cars And Motorcycles
MTBF	>=50,000 hours
Output	24V5A
Connection	Plug In
Color	Yellow/Orange
Warranty	2 Years
Plug	EU/AU/UK/US
Certificate	CE/FCC/ROHS
Input	100-240V/0.8A

Applications:

The Linkop LED Power Driver unit is suitable for cars and motorcycles, making it a versatile and useful product for a range of applications. The customized logo OEM ODM feature allows customers to personalize the product according to their preferences, while the 2-year warranty ensures that customers can rely on the product for a long time. The input of the product is 100-240V/0.8A, which makes it a powerful and efficient unit for powering LED panels.

The Fast Lead-acid Battery Charger is an ideal product for a range of occasions and scenarios. It can be used for automotive and motorcycle applications, as well as for powering LED panels in a variety of settings. The product is easy to use and provides fast and efficient charging for lead-acid batteries. Whether you are a professional mechanic or a DIY enthusiast, the Linkop LED Power Supply is

an ideal choice for your needs.
