Product Description

3w Black Dual Switch Usb Wall Light Hotel Reading Embedded Led Bedside Lamp 110-240v 3000k

Product Description:

This LED wall mounted light fixture is made of high-quality aluminum and is durable. Durable materials ensure that this lighting fixture can withstand daily wear and tear, making it an ideal lighting solution for high flow areas.

This LED wall lamp uses CREE beads, known for its superior brightness and energy efficiency. Powerful LED lights provide ample illumination, making them an ideal choice for residential and commercial spaces.

The switch type of this LED wall light is 2 simple buttons, making it easy to turn on and off. This user-friendly design ensures that anyone can easily operate the lamp. The lamp body itself has 2 light emitting designs and comes with a USB port, making it an ideal choice for homes, offices, and other spaces. Simplicity is key.

The voltage range is 110-240V, and this LED wall light is suitable for many countries. Whether you are in North America, Europe, or Asia, this fixture can seamlessly integrate with your existing electrical system.

In summary, LED wall lights are a durable and efficient lighting solution that is highly suitable for modern spaces. With its excellent CREE bead type, easy-to-use button switch, and multifunctional voltage range, this LED wall light is sure to leave a deep impression on people. Choose black or white to complement your existing decor and enjoy the energy savings brought by using efficient LED lighting.
