## Product Description

### 3mm-15mm 3-Wire Connector Strip Led Suitable For Addressable Strip Led Connector Male And Female Connectors

#### Product Description:

The addressable LED Strip Connector is compatible with LED strips with a width of 10mm, making it a versatile and effective tool for all your lighting needs. The Connector Length of 10mm ensures a secure and stable connection, preventing any unwanted interruptions in your lighting.

The Tape Light Linker LED Strip Connector offers reliable protection with an IP20 rating (Mated) to ensure durability and longevity. The connector is resistant to dust and other small particles, keeping your LED strips safe and secure.

The LED Strip Connector is designed to operate in a wide range of temperatures, from -20°C to 60°C, ensuring that your lighting remains consistent and reliable, regardless of the environment.

Whether you are a professional lighting designer or simply looking to enhance your home lighting, the Tape Light Linker LED Strip Connector is an essential accessory that you cannot afford to overlook. With its ease of use, versatility, and reliability, this LED Strip Connector is the perfect solution for any lighting project.

#### Features:

Product Name: Flexible LED Strip Connector

Connector Length: 10mm

Pin Quantity: 4P connector

Waterproof Rating: IP20

Protection: IP20 (Mated)

Dc Connector: 3p male head, female head Connector

Perfect for addressable LED Strip Connection

#### Technical Parameters:

Item Type	RGBIC LED Strip Joint
Strip Light Connector	Strip Light Connector
Pin Quantity	3
Connector Length	10mm
Strip Volts	5V 12V 24V DC
Pins3	Pins
Operating Temperature	-20°C To 60°C
Dc Connector	3p male head, female head Connector
Waterproof Rating	IP20
Connection Method	Line To Strip
Compatible Led Strip Width	10mm

#### Applications:

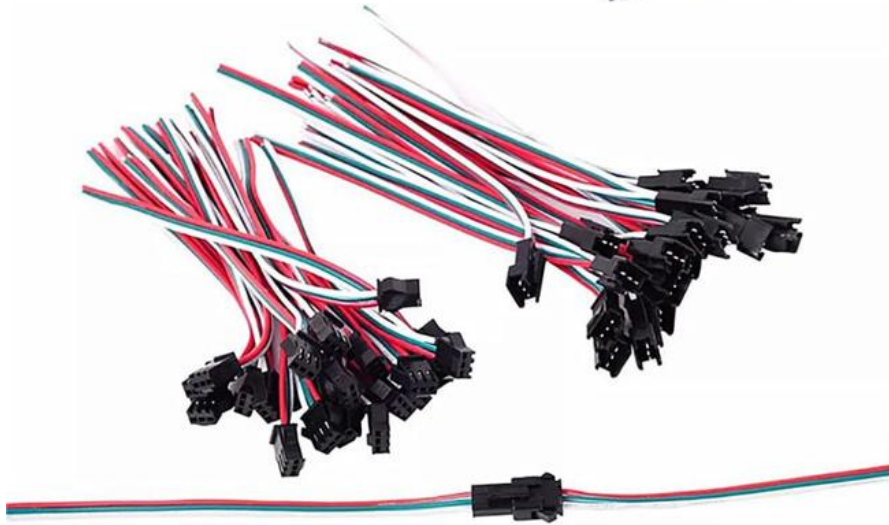

The Linkop LCSD-005 LED Strip Connector is designed to work with LED strips that are 10mm in width. Its IP20 (Mated) protection ensures that the connector is protected from dust and water. This makes it suitable for use in a variety of environments, including outdoor locations. The connector length is 10mm, which is perfect for connecting LED strips in tight spaces.

The Linkop LCSD-005 LED Strip Connector is easy to install, making it ideal for both DIY projects and professional installations. This makes it compatible with a wide range of power sources.

The Linkop LCSD-005 LED Strip Connector is packaged in a bag and has a minimum order quantity of 100pcs. Delivery time is 3-8 days, and payment terms are TT. The supply ability of the product is 1000000pcs/ month, ensuring that it is readily available when needed.

The Linkop LCSD-005 LED Strip Connector is perfect for a variety of applications and scenarios. It can be used in homes, offices, and outdoor locations. It is ideal for use in DIY projects, as well as professional installations. It is perfect for connecting LED strips in tight spaces, and its IP20 (Mated) protection ensures that it is protected from dust and water.

In conclusion, the Linkop LCSD-005 LED Strip Connector is an essential product for anyone working with LED strips. Its compatibility, protection, and ease of installation make it a must-have for both DIY enthusiasts and professionals.
