

Solar Powered Led Street Lamp 200w 300w 400w Intelligent Courtyard Light

Our Product Introduction

for more products please visit us on ledslightstrip.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Linkop
- Certification: CE/FCC/ROHS
- Model Number: LC-ASP-LD-BZ
- Minimum Order Quantity: 20pcs
- Price: \$28/Pcs
- Packaging Details: color box
- Delivery Time: 3-8 days
- Payment Terms: TT
- Supply Ability: 3000000pcs/ month

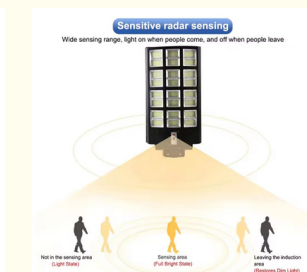

Product Specification

- Power: 200W 300W 400W
- Charging Mode: Solar Energy
- Warranty: 1 Years
- Application Scenario: Streets, Factories, Yards, Roads, Schools, Gardens And So On
- Led Lifespan: >10000H
- Lighting Duration: 16-24 Hours
- Led Light: High Brightness Bridgelux
- Work Temperature: -30°C~+60°C
- Highlight: Led Street Lamp 200w, Solar Led Street Lamp, 400w Led Courtyard Light

Various installation methods

Can be installed on walls, street lamp posts, and cement poles

Product Description

Solar Powered Led Street Light 200w 300w 400w High-Power Intelligent Courtyard Light

Product Description:

LED high-power street lights have passed CE, EMC, LVD, RoHS, and FCC certifications, ensuring their compliance with necessary safety, quality, and environmental standards. It is also equipped with a lithium battery with a voltage of 3.2V, providing long-lasting and reliable power for the lamp. The battery is solar charged and can provide continuous illumination for 16-24 hours, depending on usage and environmental conditions.

LED induction street lights have different power options such as 200W, 300W, 400W, etc. This allows users to choose the appropriate lighting power according to their needs and requirements. The lamp is also designed with an intelligent sensing system that can automatically turn on and off according to ambient light, making it an energy-saving and environmentally friendly choice.

In summary, LED high-power street lights are a durable, reliable, and efficient solution for outdoor area lighting. It is equipped with advanced features such as high brightness LED lights, lithium batteries, and intelligent sensing systems, making it an ideal choice for various applications. Through certification and compliance with safety and environmental standards, users can rest assured of its quality and performance.

Features:

Product Name: LED street lamp

Charging mode: Solar Energy

Application scenario: Streets, Factories, Yards, Roads, Schools, Gardens And So On

Work Temperature: -30°C~+60°C

LED Light: High Brightness Bridgelux

Charging time: 4-8 Hours

Our LED street lanterns are the perfect solution for street lighting needs in various scenarios such as factories, yards, roads, schools, and gardens. They are powered by solar energy and can withstand temperatures ranging from -30°C to +60°C. The high brightness Bridgelux LED light ensures excellent visibility at night, and the lamp can be charged in 4-8 hours.

Technical Parameters:

Technical Parameter	Value
Product Name	Smart Solar Street Lamp
Housing Material	ABS
Installation Mode	No Wiring
LED Lifespan	>10000H
Operating Voltage	AC90-295V, 50-60Hz
Lighting Duration	16-24 Hours
Charging Time	4-8 Hours
Waterproof Class	IP67
Application Scenario	Streets, Factories, Yards, Roads, Schools, Gardens And So On
Power	200W, 300W, 400W

Applications:

Featuring advanced LED induction technology, the LC-ASP-LD-BZ LED street lamp is energy-efficient and long-lasting. With a lifespan of over 10,000 hours, this product is designed to last for many years with minimal maintenance. The lamp is also waterproof with an IP67 rating, making it suitable for use in all types of weather conditions.

The Linkop LC-ASP-LD-BZ LED street lamp is perfect for a variety of different applications and scenarios. Some of the most common uses for this product include:

Lighting up residential streets

Lighting up public parks and outdoor spaces

Providing illumination for parking lots and other commercial areas

Lighting up highways and other major roads

With its powerful LED light source and advanced induction technology, the LC-ASP-LD-BZ LED street lamp is a reliable and efficient choice for all of these applications and more. Additionally, the product is fully certified with CE, FCC, and RoHS, ensuring that it meets the highest standards of safety and quality.

The LC-ASP-LD-BZ LED street lamp is available for purchase in minimum quantities of 20pcs, with color box packaging and delivery times of 3-8 days. Payment terms are TT, and the product has a supply ability of 3,000,000pcs per month. For more information about this product and its features, please contact us today.

Many LED chips need to be combined to achieve high brightness!
