

120Deg Detection Motion Sensor Light Rechargeable Lithium Ion Battery

Our Product Introduction

for more products please visit us on ledslightstrip.com

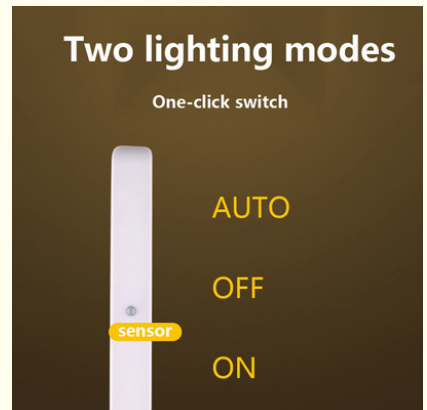

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Motion sensor cabinet light
- Certification: CE
- Model Number: LC-XQL-R20
- Minimum Order Quantity: 10pcs
- Price: \$8/Pcs
- Packaging Details: color box
- Delivery Time: 3-8 days
- Payment Terms: TT
- Supply Ability: 200000pcs/ month

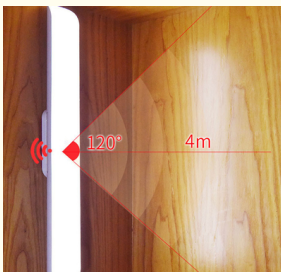

Product Specification

- Sensor Angle: 120 Degrees
- Sensor Type: PIR
- Type: Motion Sensor Light
- Waterproof: No
- Material: ABS
- Sensor Range: Up To 10 Feet
- Power Source: Rechargeable Lithium-ion Battery
- Light Source: LED
- Highlight: 120Deg Detection Motion Sensor Light, Rechargeable Battery Motion Sensor Light, Lithium Ion Battery Motion Sensor Light

Product Description

Powerful Motion Sensor Light 120 Degree Detection Rechargeable Lithium ion Battery

Product Description:

Our LED motion sensor light features PIR sensor technology, allowing for precise and reliable detection of movement. With its adjustable brightness settings, you can customize the level of illumination to your liking. Choose from five color temperature options - 2700K, 3000K, 4000K, 6000K and 7000K - to create the perfect ambiance for your space.

The ultra-thin, intelligent design of our LED motion sensor light makes it a versatile and practical choice for any room. With its multi-specification size options, you can find the perfect fit for your space. Whether you need a small light for a closet or a larger one for a hallway, we have you covered.

Experience the convenience of automatic light with our LED motion sensor light. Say goodbye to fumbling for light switches in the dark and hello to a safer and more efficient lighting solution. Upgrade your home or office today with our innovative and stylish LED motion sensor light.

Features:

Product Name: LED motion sensor light
Brightness: Adjustable
Waterproof: No
Type: Motion Sensor Light
Sensor Angle: 120 Degrees
Power Source: Rechargeable Lithium-ion Battery
Ultra thin intelligent
USB 5V
Wardrobe light

Technical Parameters:

Light Source	LED
Sensor Range	Up To 10 Feet
Color Temperature	2700K/3000K/4000K/6000K/7000K
Power Source	Rechargeable Lithium-ion Battery
Waterproof	No
Material	ABS
Brightness	Adjustable (Brightness control)
Sensor Type	PIR
Size	Multi-specification
Dimensions	Multi-size Option
Additional Features	Magnetic attraction without wiring, Three color dimming

Applications:

This product is perfect for use in closets, cabinets, and other areas where traditional lighting may not be suitable. Its compact design allows it to be installed in tight spaces, ensuring that your space is well-lit and easily accessible.

The Motion sensor cabinet light comes in many different sizes, making it easy to find the perfect fit for your needs. Whether you need a small light for a closet or a larger light for a larger space, we have the perfect option for you.

The Motion sensor cabinet light is also incredibly easy to install. Simply attach it to any surface using the included adhesive strips or screws. Additionally, this product is powered by USB 5V, making it an energy-efficient and cost-effective option for your home or office.

As an added bonus, this product is CE certified, ensuring that it meets high safety and quality standards. It also has a minimum order quantity of 10pcs and is packaged in a color box for easy transportation and storage. With a delivery time of 3-8 days and payment terms of TT, you can have your Motion sensor cabinet light delivered to you quickly and securely.

Overall, the Motion sensor cabinet light is a must-have for anyone looking for an easy-to-install, energy-efficient, and high-quality motion sensor light. So why wait? Order your Motion sensor cabinet light today and experience the convenience and security it provides.
