Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Motion sensor cabinet light
- Certification: CE
- Model Number: LC-XQL-P18
- Minimum Order Quantity: 10pcs
- Price: \$4.7/Pcs
- Packaging Details: color box
- Delivery Time: 3-8 days
- Payment Terms: TT
- Supply Ability: 200000pcs/ month

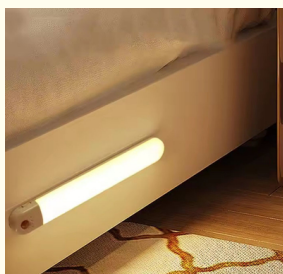

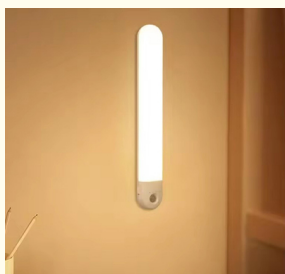

Product Specification

- Light Source: LED
- Sensor Type: PIR
- Installation Method: Magnetic Installation
- Brightness: Adjustable
- Dimensions: Multi-size Option
- Waterproof: No
- Application Scenario: Wardrobe/ Display Case/ Cabinet/ Desk/ Stairs/ Bedside
- Sensor Angle: 120 Degrees
- Highlight: **Led Magnetic Motion Sensor Light, PIR Sensor Magnetic Motion Sensor Light, Adjustable Brightness Magnetic Motion Sensor Light**

Product Description

Led Magnetic Motion Sensor Light With Adjustable Brightness And Wide Angle Detection

Product Description:

The LED motion sensor light uses a Passive Infrared (PIR) sensor type, which can detect motion from up to 120 degrees, ensuring that it lights up the area you need it to. The brightness of the LED light is adjustable, which is great for those who prefer a dimmer light or want to save energy. With its three-color dimming feature, you can adjust the color temperature to match your mood or the time of day. Whether you need a warm light for a cozy atmosphere or a cool light for a bright, refreshing feeling, this LED motion sensor light has got you covered.

Our LED motion sensor light comes in multi-specifications, ensuring that you can find one that fits your needs perfectly. Its compact size means that it can be used in a variety of locations, without taking up too much space. The magnetic installation feature also makes it easy to move the LED motion sensor light from one location to another, without leaving any damage to the surface it was attached to.

Overall, our LED motion sensor light is a great investment for those who want to have a reliable, energy-efficient, and easy-to-install lighting solution. Its automatic light sensing technology, magnetic installation, and five-color dimming features make it a versatile lighting option that can be used in various scenarios. Try it today and experience the convenience it brings.

Features:

Product Name: LED motion sensor light

Material: ABS

Brightness: Adjustable

Dimensions: Multi-size Option

Type: Motion Sensor Light

Power Source: Rechargeable Lithium-ion Battery

Features:

Magnetic installation

CE certified

Motion sensor

Technical Parameters:

Material	ABS
Light Source	LED
Sensor Type	PIR
Sensor Angle	120 Degrees
Dimensions	Multi-size Option
Installation Method	Magnetic Installation
Brightness	Adjustable
Color Temperature	2700K/3000K/4000K/6000K/7000K (Five color)
Application scenario	Wardrobe/ Display Case/ Cabinet/ Desk/ Stairs/ Bedside (Automatic light)
Waterproof	No

Applications:

With its automatic light feature, this LED motion sensor light can be used in your cabinets, closets, drawers, and other spaces where you need to access items without turning on the main light. The sensor range is up to 10 feet, making it easy to detect your movements and turn on the light automatically.

The Motion Sensor Cabinet Light is also versatile in terms of installation. It comes with a magnetic strip that allows you to attach it to any metal surface. You can also use the included adhesive tape to install it on any surface you want.

The rechargeable lithium-ion battery is another great feature of this product. It can be charged using a USB 5V cable, making it easy to charge and use anywhere.

This LED motion sensor light is made of high-quality ABS material, which makes it durable and long-lasting. It is available in multiple specifications, so you can choose the one that suits your needs.

Whether you need a light for your closet, kitchen, or hallway, the Motion Sensor Cabinet Light is the perfect solution. It is CE certified, ensuring that it meets the highest safety standards.

You can order the Motion Sensor Cabinet Light in a minimum quantity of 10pcs and get it delivered in a color box packaging within 3-8 days. Payment terms are TT, and the supply ability is 200,000pcs/month, making it an excellent choice for businesses.

Overall, the Motion Sensor Cabinet Light is a fantastic product that provides convenience, versatility, and durability. Make sure to get yours today and enjoy the benefits of automatic light in various occasions and scenarios.
