

Rechargeable Lithium Battery Led Motion Sensor Light Dimmable Cabinet Light

Our Product Introduction

for more products please visit us on ledslightstrip.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Motion sensor cabinet light
- Certification: CE
- Model Number: LC-XQL-P10K
- Minimum Order Quantity: 10pcs
- Price: \$4/Pcs
- Packaging Details: color box
- Delivery Time: 3-8 days
- Payment Terms: TT
- Supply Ability: 200000pcs/ month

Product Specification

- Size: Multi-specification
- Color Temperature: 2700K/3000K/4000K/6000K/7000K
- Sensor Range: Up To 10 Feet
- Installation Method: Magnetic Installation
- Power Source: Rechargeable Lithium-ion Battery
- Light Source: LED
- Waterproof: No
- Type: Motion Sensor Light
- Highlight: **Lithium Battery Led Motion Sensor Light, Rechargeable Battery Led Motion Sensor Light, Led Motion Sensor Dimmable Cabinet Light**

Product Description

Rechargeable Lithium Battery Led Motion Sensor Light Dimming Cabinet Light

Product Description:

Our motion sensor light boasts an impressive sensor range of up to 10 feet, ensuring that you never have to fumble around in the dark again. The LED light source provides efficient and long-lasting illumination, so you can be sure that your space is always well-lit. Our product is easy to install, and the large capacity battery means that you won't have to worry about constantly replacing batteries. Simply install the motion sensor light and let it do its job. The automatic light function means that the light will turn on when you need it and turn off when you don't, saving energy and ensuring that the battery lasts as long as possible. Our LED motion sensor light is perfect for a variety of application scenarios. Use it in your wardrobe to make it easier to find your clothes, or in your display case to showcase your favorite items. Install it in your cabinet or on your desk to ensure that you have enough light to work efficiently, or use it on your stairs or bedside for added safety and convenience. Invest in our LED motion sensor light today for a hassle-free and efficient way to illuminate your space. With its large capacity battery, automatic light function, and long-lasting LED light source, you won't be disappointed.

 Application scenario: Wardrobe/ Display Case/ Cabinet/ Desk/ Stairs/ Bedside
 Sensor Range: Up To 10 Feet
 Type: Motion Sensor Light
 Material: ABS
 LED cabinet light
 Ultra thin intelligent
 Type-C charging

Technical Parameters:

Technical Parameter	Value
Dimensions	Multi-size Option
Light Source	LED
Sensor Range	Up To 10 Feet
Waterproof	No
Application Scenario	Wardrobe/ Display Case/ Cabinet/ Desk/ Stairs/ Bedside
Installation Method	Magnetic Installation
Sensor Angle	120 Degrees
Sensor Type	PIR
Power Source	Rechargeable Lithium-ion Battery
Size	Multi-specification
Other Features	Magnetic installation, CE, Large capacity battery

Applications:

The LC-XQL-P10K LED motion sensor light is designed to provide maximum convenience and ease of use. Its PIR sensor ensures that the light turns on automatically when it detects motion within a range of up to 10 feet. This eliminates the need for fumbling for a switch, or struggling to find the light in a dark space.

The LC-XQL-P10K LED motion sensor light is made from high-quality ABS material, ensuring durability and longevity. It comes in multi-size options to fit all your cabinet and wardrobe requirements. The light produces a warm and inviting 2700K/3000K/4000K/6000K/7000K color temperature, making it ideal for creating a cozy and welcoming atmosphere.

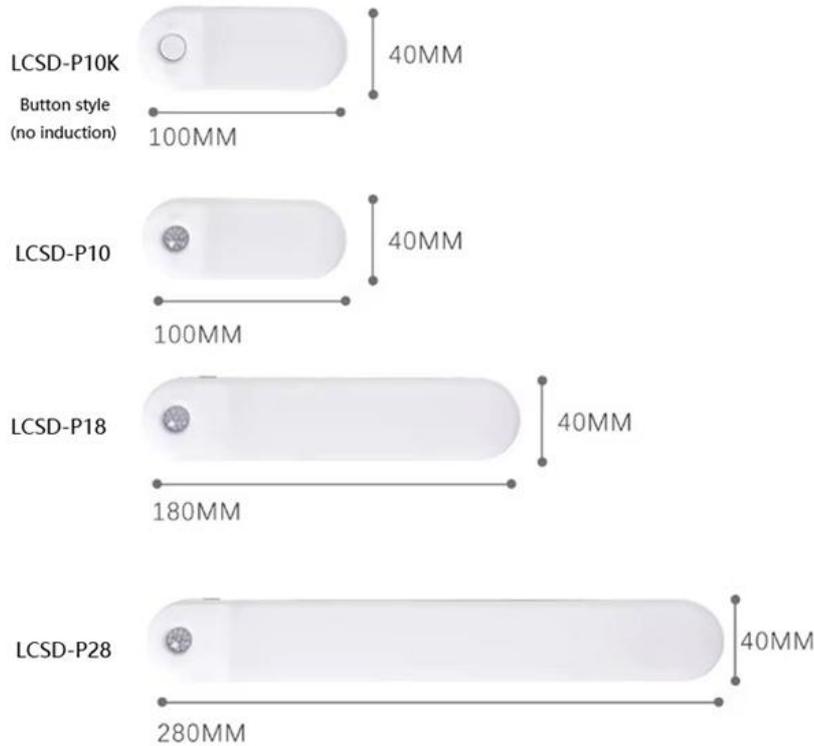

This motion sensor cabinet light is also incredibly easy to install. Simply attach it to any surface using the adhesive strip provided, and you're good to go. No need for any additional tools or wires.

Whether you're looking for a wardrobe light, a cabinet light, or just an easy-to-use and energy-efficient lighting solution, the LC-XQL-P10K LED motion sensor light is the perfect choice.

So why wait? Order now and enjoy the convenience and comfort that this amazing product has to offer. With a minimum order quantity of just 10pcs, and fast delivery times of 3-8 days, you can have your new motion sensor cabinet light up and running in no time.

Don't miss out on this opportunity to revolutionize your storage space lighting. Order now and experience the difference that the LC-XQL-P10K LED motion sensor light can make!

Product size

3 Steps, easy to install

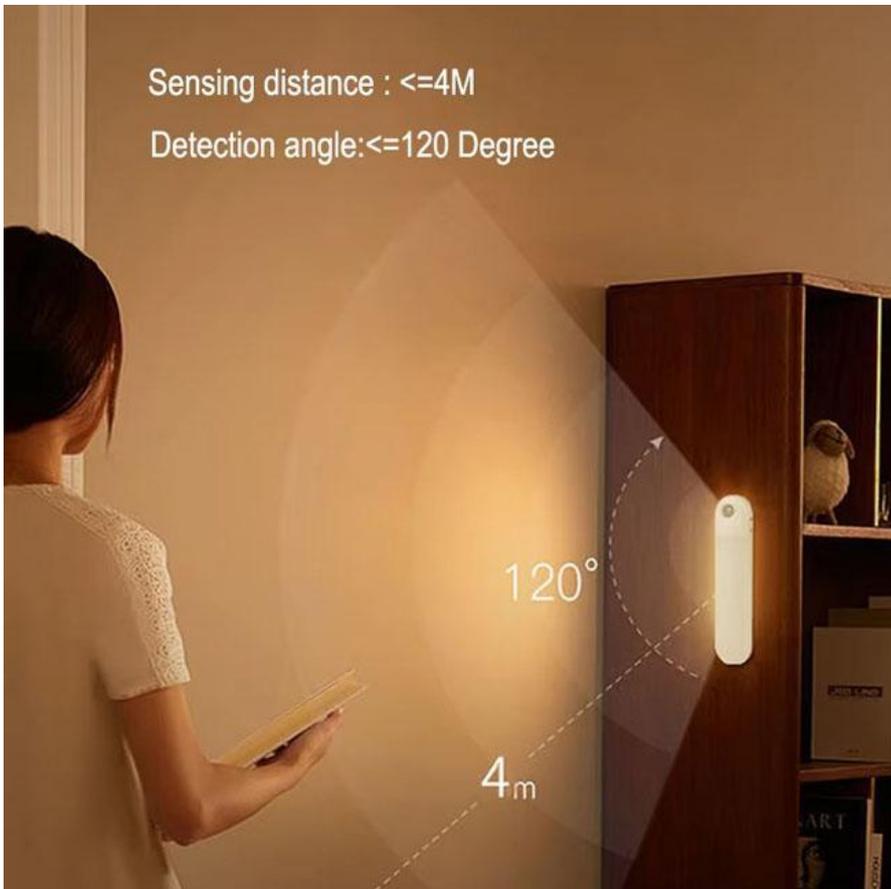

1. Remove 3M sticker from the soft magnetic strip

2. Attach the soft magnetic strip to the installation position

3. Attach the lamp to the soft magnetic strip
