Product Description

3 Color Modes Motion Sensor Night Light Magnetically Attachable To Stairs Closets And More

Product Description:

With a PIR sensor, these lights are activated by motion up to 10 feet away, making them incredibly convenient for those hard-to-reach places. Powered by a large-capacity rechargeable lithium-ion battery, you can be sure that your lights will last for hours on a single charge.

But that's not all – these lights also feature three color dimming, allowing you to adjust the brightness to your desired level. And with magnetic installation, you can easily attach the lights to any metal surface without the need for tools or screws.

So whether you need to light up a dark closet, illuminate your staircase, or add a touch of ambiance to your bedside table, our LED motion sensor lights are the perfect solution. Order yours today and experience the convenience and versatility of these amazing lights!

Features:

Product Name: LED motion sensor light

Type: Motion Sensor Light

Input voltage: 5V (USB 5V)

Material: ABS

Power Source: Rechargeable Lithium-ion Battery

Light Source: LED

Installation: Magnetic

Technical Parameters:

Size	Multi-specification
Sensor Range	Up To 10 Feet
Material	ABS
Installation Method	Magnetic Installation
Color Temperature	3000K/4500K/6000K
Input Voltage	5V
Application Scenario	Wardrobe/ Display Case/ Cabinet/ Desk/ Stairs/ Bedside
Waterproof	No
Type	Motion Sensor Light
Power Source	Rechargeable Lithium-ion Battery
Brightness Control	Yes
Human Body Sensing	Yes
Type-C Charging	Yes

Applications:

The LED light is made from durable and high-quality ABS materials, ensuring a long-lasting product. The rechargeable lithium-ion battery power source makes it easy to use and environmentally friendly. The Motion Sensor Cabinet Light is not waterproof, so it is best used in dry indoor environments.

One of the best features of the Motion Sensor Cabinet Light is that it can be installed magnetically, making it easy to install and move around as needed. This makes it perfect for use as a wardrobe light, as it can be easily attached to the inside of a wardrobe without any permanent installation required.

Additionally, the Motion Sensor Cabinet Light is CE certified, ensuring that it meets the highest safety standards. The minimum order quantity for this product is only 10pcs, making it easy to purchase for personal or business use. The product packaging comes in a color box, and delivery time is only 3-8 days. Payment terms are TT, and the product has a supply ability of 200000pcs per month.

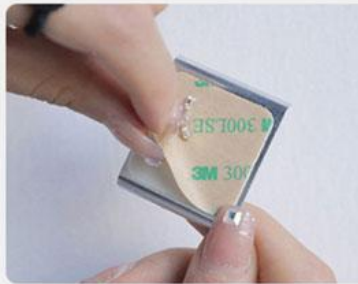

In conclusion, the Motion Sensor Cabinet Light is an excellent product for anyone looking for a high-quality and convenient LED light for

their indoor needs. Its magnetic installation, wardrobe light, and human body sensing features make it a versatile and valuable addition to any home or business.

3 easy steps
Easy to do and beautiful
