| Number of Pieces | 1 |
| Voltage | 5V |
| Lamp Sizes | One Size |

This LED desk lamp is a multifunctional lamp suitable for various scenarios such as living rooms, bedrooms, restaurants, bars, etc. It has three color dimming options to provide ambient lighting for different environments. The lamp is shaped like pumpkin crystal, with a wattage of 3W and a temperature range of 3000K to 6000K. It is powered by rechargeable lithium-ion batteries and equipped with 2835 LEDs. This type of lamp has only one size and operates at a voltage of 5V.

Applications:

The LED table lamp is powered by rechargeable Lithium-ion batteries, making it convenient for use in areas without a power outlet. It can be charged using a 5V charger, which is a common device found in most households. The wattage of this product is 3W, making it energy efficient and cost effective. Additionally, the brightness control feature allows for customization of the lighting according to individual preferences.

The LED table lamp by Linkop is versatile and can be used in various application scenarios including living rooms, bedrooms, bedside tables, dining rooms, table tops, bars, and even during camping trips. Its rechargeable feature makes it a great option for outdoor activities that require atmosphere lights.

If you are unsure about the product, Linkop accepts sample orders. So, why wait? Add the LED table lamp to your cart now and experience the convenience and elegance it brings to your living spaces.
