Product Description

Modern 5v Usb Charging Led Desk Lamp And Atmosphere Adjustable Table Lighting

Product Description:

The LED table lamp utilizes advanced LED technology to provide a high-quality lighting experience. With three temperature options, 3000K/4500K/6000K, you can adjust the lighting to fit your specific needs. Whether you need a warm, cozy glow for late-night work sessions or a bright, cool light for detailed tasks, this lamp has got you covered.

One of the standout features of the LED table lamp is its Type-C-USB charging port. This allows for easy and convenient charging, making it a great option for those who are always on the go. Simply plug the lamp into your computer or a USB wall outlet and it will be fully charged and ready to use in no time.

Another great feature of the LED table lamp is its three color dimming options. With just the touch of a button, you can adjust the lighting to your desired brightness and color. This makes it easy to create the perfect ambiance for any task or setting.

Overall, the LED table lamp is a stylish and functional addition to any workspace. Its advanced LED technology, adjustable lighting, and convenient charging port make it a great choice for those who value both form and function.

This is a metal desk lamp with large capacity battery and USB charging.

Applications:

The Linkop LC-WC-F90023 LED table lamp is a versatile lighting solution that is perfect for a wide range of occasions and scenarios. Whether you need a tall legged desk lamp for your office or a portable lamp for your bedside table, this product is designed to meet your needs.

One of the key features of the Linkop LC-WC-F90023 LED table lamp is its brightness control. With three color dimming, you can easily adjust the brightness level to suit your needs. This makes it ideal for reading, working, or relaxing in different lighting conditions.

The Linkop LC-WC-F90023 LED table lamp is also equipped with a 5V charging port, which allows you to charge your devices while you work or relax. This is particularly useful if you need to charge your phone or tablet while you work, or if you want to charge your devices overnight while you sleep.

Thanks to its compact design and lightweight construction, the Linkop LC-WC-F90023 LED table lamp is easy to transport and store.

Whether you are traveling or simply moving between rooms in your home or office, this lamp is a convenient and practical lighting solution that you can take with you wherever you go.

The Linkop LC-WC-F90023 LED table lamp is made from high-quality ABS and iron, which ensures durability and longevity. It is also CE certified, which means that it meets strict European safety and quality standards.

Whether you need a bright and efficient desk lamp for your office, a soft and soothing lamp for your bedroom, or a flexible and portable lamp for your travels, the Linkop LC-WC-F90023 LED table lamp is the perfect choice. With a minimum order quantity of just 10pcs and fast delivery times of 3-8 days, you can order this product with confidence and enjoy the benefits of its high-quality LED technology and advanced lighting regulation.
