Product Description

Three Legged Desktop Led Desk Lamp 3000k/4500k/6000k Rechargeable 3-Color Brightness

Product Description:

The LED table lamp is made with high-quality ABS and iron materials, ensuring durability and longevity. The lamp is powered with a voltage of 5V, making it energy-efficient and cost-effective.

The interface of the lamp is equipped with a Type-C-USB port, making it easy to charge and use. The tabletop mount switch installation type ensures that the lamp is secure and stable on any tabletop surface.

One of the standout features of the LED table lamp is its three-tone light function. This allows for the user to easily switch between warm, cool, and natural light tones, creating the perfect ambiance for any occasion. Whether you're working late at night or simply relaxing with a book, our desk lamp has got you covered.

Overall, our LED table lamp is a must-have for any modern home or office. With its sleek design, durable materials, and versatile lighting options, it's the perfect addition to any desk or tabletop surface. Get yours today!
