Product Description

3-Color Dimmable Led Desk Lamp, C-Shaped Charging Decorative Desktop Ambient Light

Product Description:

One of the best features of this LED desk lamp is its adjustable color temperature. You can choose from three different color temperatures -3000K, 4500K, or 6000K - to create perfect lighting that meets your needs. Whether you prefer warm and comfortable lighting or bright and cool lighting, this desk lamp can meet your needs.

The switch installation type is desktop installation, making it very easy to use and position on your desk. You can simply insert it and start using it. In addition, the charging interface is Type-C, so it is easy to charge when you need it.

The main materials of this LED desk lamp are ABS and iron, which makes it very durable and long-lasting. Additionally, the choice of black or white color makes it easy to match with your existing decor. Whether you are looking for a lamp for your home office or your workspace, this desk lamp is the perfect choice.

In short, our LED desk lamp is a rechargeable high leg desk lamp that provides excellent lighting for all your tasks. Temperature adjustable, desktop installation, C-type charging interface, this lamp is very convenient and easy to use. In addition, its durable ABS and iron structure, as well as stylish black or white options, make it the perfect choice for any workplace.
