Product Description

Silicone Tube Neon Led 5050 Light Strip Flexible Cuttable Ip67 Waterproof For Decoration

Product Description:

Designed for indoor and outdoor use, this neon cord light is the perfect way to add color to any space. With its multi-color function, you can choose the perfect shade to complement your decoration. Whether you want to create a warm and enticing atmosphere or a bold and energetic statement, this lamp can satisfy you.

The rated power of this LED neon light is 12W/m, with 96 5050 high brightness LED beads per meter. The size is 6 * 12mm, 5 meters/roll, which is both energy-saving and powerful. You can trust it to provide consistent and reliable lighting, regardless of the application. Due to its flexible design, this lamp can be easily installed in any space, no matter how tight or difficult to reach.

For those looking for specific types of lighting, we offer 5V RGB and 12V 6 * 12 options. These professional choices are perfect for those who require specific types of lighting projects.

Overall, our LED neon lights are a perfect solution for anyone looking for a flexible, powerful, and versatile lighting option. Whether you want to add a touch of color to your living room or create a dynamic outdoor lighting display, this product is sure to meet your needs.
