Product Description

24 Key Mini Rgb Led Strip Light Set 5v Usb Dimmable Led Ambient Light, With A Lifespan Of 50000 Hours

Product Description:

The Lamp Body Material of these lights is PCB, which is a reliable and sturdy material that can withstand wear and tear. The Input Voltage is DC 5V, making them energy-efficient and cost-effective. Plus, they support dimmer functionality, which allows you to adjust the brightness of the lights according to your preference.

These Flexible LED Lights are easy to install thanks to their adhesive backing. Simply peel and stick them onto any surface! They are perfect for use in bedrooms, living rooms, kitchens, and even outdoors. The flexibility of the lights allows you to bend and shape them to fit any space or design idea.

In summary, our Adhesive LED Rope Lights are a versatile and practical addition to any home or office. With their IP20 rating, sturdy PCB material, and dimmer functionality, they are built to last and provide a customizable lighting experience. Their flexibility and easy installation make them a top choice for anyone looking to add some personality and style to their space.
