Product Description

Smart 24 Key Rgb Led Light Strip Set With Music And Timing Function Tuya Wifi

Product Description:

These LED strip lights feature 150PCS of high-quality LEDs, providing bright and consistent illumination that's perfect for any room in your home or office. The strip is 10mm wide and features a flexible PCB lamp body material, making it easy to install in any location. One of the best things about our Dimmable LED Strip Lighting is that it's fully dimmable, allowing you to adjust the brightness of your lighting to your liking. Whether you're setting the mood for a romantic evening or creating a cozy atmosphere for movie night, these lights are the perfect solution.

With an IP20 rating, these LED strip lights are suitable for indoor use. They are not waterproof, so they should not be installed in damp locations such as bathrooms or kitchens.

Installation of these LED strip lights is quick and easy. Simply peel off the backing and stick them onto any surface. They can be cut to size and can be connected to other strips for longer runs.

Overall, our Dimmable LED Strip Lighting is a great investment for anyone looking to add some style and ambiance to their space. With color-changing light strips, dimmable settings, and easy installation, you can create the perfect lighting for any occasion.

Applications:

These RGB LED ribbon lights are perfect for creating a festive atmosphere at parties and events. They can be set to change colors with the beat of the music, creating a dynamic and exciting ambiance. The smart feature allows you to control the lights using your smartphone, making it easy to customize the lighting to suit your needs.

The Linkop LED Strip Lights are also perfect for use in home and office settings. They can be set to turn on and off at specific times, making them a great way to save energy and reduce your electricity bill. They are also perfect for use as under-cabinet lighting in the kitchen or as accent lighting in the living room.

These LED strip lights are IP20 rated, making them suitable for use in dry environments. They are also available in a variety of packaging options, with a minimum order quantity of 10 sets. They are CE certified, ensuring that they meet the highest quality standards.

With a supply ability of 200,000 sets per month and a delivery time of 3-8 days, the Linkop LED Strip Lights are a reliable and efficient

lighting solution. They are also available at an affordable price, making them an excellent value for money. Payment terms are TT. In summary, the Linkop LED Strip Lights are a great choice for anyone looking for a versatile and affordable lighting solution. Whether you need flexible LED lights for a party, under-cabinet lighting for your kitchen, or accent lighting for your living room, these adhesive LED rope lights are sure to meet your needs.
