### Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Linkop
- Certification: CE/FCC/ROHS
- Model Number: LC-QR-DD002
- Minimum Order Quantity: 5pcs
- Price: \$11/Pcs
- Packaging Details: color box
- Delivery Time: 3-8 days
- Payment Terms: TT
- Supply Ability: 300000pcs/ month

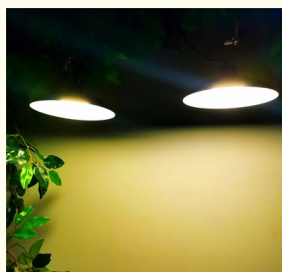

### Product Specification

- Input: 50Hz 5 Volt
- Control Mode: Intelligent Light Control + IR Remote Control
- Output Voltage: 5V
- Installation: Hanging Type
- Brightness: Non Adjustable
- Application: Indoor And Outdoor
- Solar Panel: 5V 15W
- Temperature: White/warm White
- Highlight: Intelligent LED Solar Lamp,  
Ip67 LED Solar Lamp,  
Infrared Solar Led Pendant Light

## Product Description

### Intelligent Control Solar Led Pendant Light White Warm White Ip67 Infrared Remote Control Switch

#### Product Description:

The control method of this LED solar light is intelligent light control+infrared remote control, which is easy to operate and can customize lighting settings. The intelligent lighting control function automatically turns on the lights at dusk and turns them off at dawn, saving battery power and providing worry free lighting. The infrared remote control function allows users to turn on and off lights from a distance, making it convenient for areas that are difficult to reach.

One of the prominent features of this sustainable solar light is its size. Measuring only 4 inches in diameter, it is compact and easy to transport, making it a great choice for use on the go. The 5V output voltage ensures the energy-saving of the lamp, allowing it to provide bright illumination without quickly depleting the battery.

The brightness of LED solar lights is adjustable, making it easy to customize lighting to meet your needs. Whether you need bright outdoor activity lighting or soft lighting to create a more relaxed atmosphere, this solar LED light can provide the perfect lighting solution. Adjustable brightness also helps save battery life, ensuring that the light can provide long-lasting illumination.

In short, LED solar lights are a great choice for anyone looking for a sustainable and environmentally friendly outdoor space lighting solution. With its compact size and easy-to-use control mode, it is a versatile and convenient choice for a wide range of outdoor lighting needs. Whether you're planning a camping trip, hosting a backyard barbecue, or just needing emergency lighting, this LED solar light is sure to meet your needs.

#### Features:

Product Name: LED Solar Lamp

Application: Indoor and Outdoor

Size: Four

Installation: Hanging Type

Voltage: 5V

Battery Capacity: 4ah

Features:

Sun-powered lighting fixture

LED solar light bulb

#### Technical Parameters:

Attribute	Value
Application	Indoor and Outdoor
Solar Panel	5V 15W
Material	Metal
Output Voltage	5V
Size	Four
Control mode	Intelligent Light Control + IR Remote Control
Item Type	Outdoor Chandelier
Usage	Indoor and Outdoor Lighting
Temperature	White/Warm White
Voltage	5V

#### Applications:

Whether you need to illuminate your backyard, yard, garden, or even your indoor space, LC-QR-DD002 LED solar lights are the perfect choice. Its compact and multifunctional design makes it easy to install and use, and it comes in four different sizes to meet your specific needs.

This solar LED light can be customized to provide just the amount of light that suits your needs. Whether you need bright and intense

outdoor activity light or softer indoor ambient light, this lamp can meet your needs.

By obtaining CE/FCC/ROHS certification, you can rest assured of its quality and safety. The minimum order quantity for this product is only 5 pieces, and it is packaged in a colored box for easy transportation and storage.

LC-QR-DD002 LED solar light is designed for easy installation and can be hung in various ways to meet your needs. Its 5V output voltage ensures that it is both safe and efficient, and its sustainable design means you can enjoy reliable lighting without worrying about energy bills or environmental impacts.

Therefore, whether you need to illuminate your garden, yard, or indoor space, Linkop LED solar lights are the perfect choice. With its energy-efficient and environmentally friendly design, you can enjoy reliable and sustainable lighting that is both practical and stylish. Order now and take advantage of our fast delivery time. The supply capacity is 300000 pieces per month, ensuring timely delivery and excellent customer service. The payment method is wire transfer, and the delivery time is 3-8 days, depending on your location. Choose LC-QR LED solar lights to enjoy high-quality lighting that is both sustainable and affordable.

### 180 ° Adjustable Angle

Transformers in solar lights can adjust the angle according to the irradiation needs.
