Product Description

Intelligent 5v Solar Led Metal Chandelier For Indoor And Outdoor Lighting

Product Description:

The LED Solar Lamp is designed to be a hanging type, which allows you to easily mount it anywhere you want. Made of durable metal, this lamp is built to last and can withstand harsh weather conditions. Whether you want to light up your patio or add some ambiance to your living room, the LED Solar Lamp is sure to impress.

The LED Solar Lamp is powered by solar energy, which means you won't have to worry about changing batteries or running out of power. The solar panel on top of the lamp captures sunlight during the day and converts it into energy, which is then used to power the LED lights at night. This makes the LED solar powered lamp eco-friendly and cost-effective.

The LED Solar Lamp has an output voltage of 5V, which ensures that it is energy efficient and won't consume too much power. The LED lights are bright and long-lasting, providing you with a reliable source of light for many years to come. With the LED Solar Lamp, you can enjoy the benefits of solar LED light without sacrificing quality or performance.

In summary, the LED Solar Lamp is a must-have for anyone who wants to add some style and functionality to their indoor or outdoor space. With its compact size, easy installation, and durable construction, it's the perfect solution for your lighting needs. And with its solar-powered design, you can enjoy the benefits of solar LED light without any additional costs or hassle. So why wait? Order your LED Solar Lamp today and start enjoying the benefits of this amazing product!

Features:

Product Name: LED Solar Lamp

Control mode: Intelligent Light Control + IR Remote Control

Installation: Hanging Type

Output Voltage: 5V

Input: 50Hz 5 Volt

Voltage: 5V

Features:

LED solar powered lamp

LED solar light

LED solar light bulb

Technical Parameters:

Battery Capacity	4ah
Item Type	Outdoor Chandelier
Voltage	5V
Brightness	Adjustable
Input	50Hz 5 Volt
Light Source	LED
Temperature	White/warm White
Size	Four
Application	Indoor and Outdoor
Usage	Indoor and Outdoor Lighting

This sustainable solar lamp is a Solar LED lamp fixture, with adjustable brightness and a 4ah battery capacity. It has a 5V voltage input, LED light source, and can be used for indoor and outdoor lighting applications.

Applications:

Thanks to its adjustable brightness feature, the LC-QR-DD001 can be used for a variety of activities. If you're looking for a bright light source while you're camping, for example, you can easily adjust the brightness to help you see in the dark. Alternatively, if you're simply looking for a soft light to enjoy during an outdoor dinner party, you can dim the brightness to create the perfect ambiance. Since the LC-QR-DD001 is solar-powered, you can rest assured knowing that you're doing your part for the environment. The solar panel, which is made from high-quality materials, ensures that the battery is constantly being charged. This means that you don't have to worry

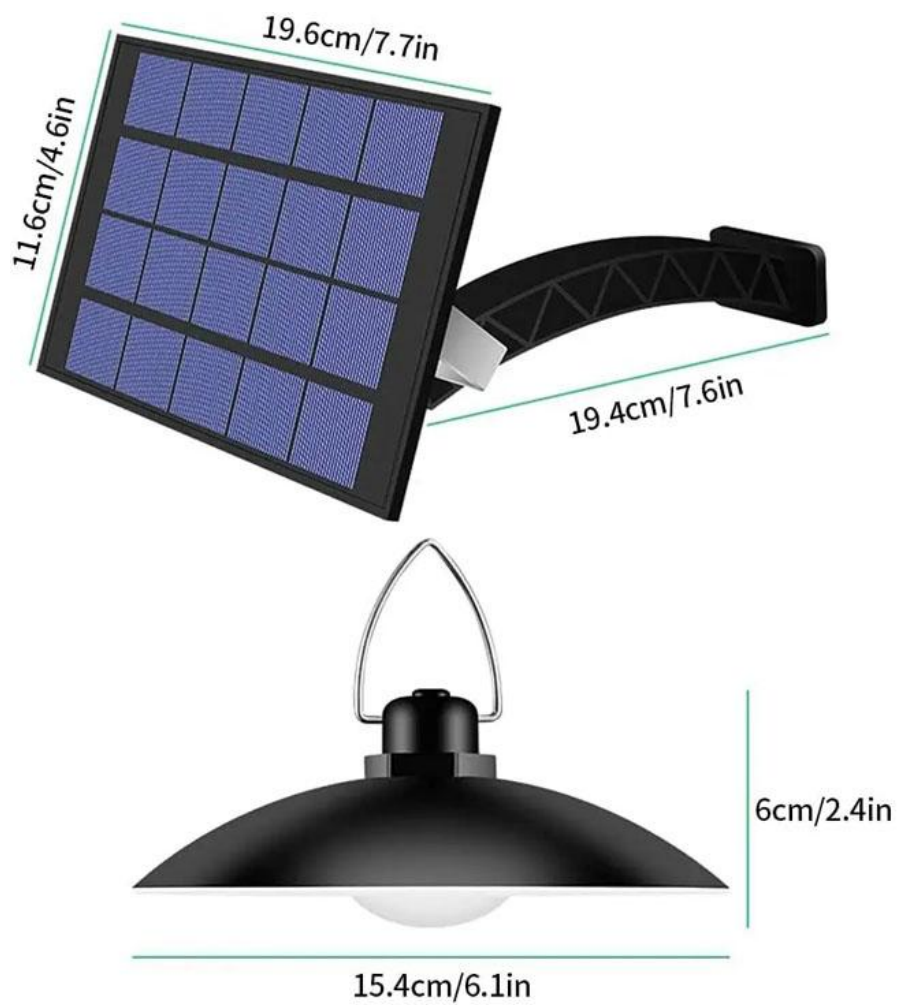

about replacing batteries or running out of power in the middle of the night.

The LC-QR-DD001 is made from high-quality metal, ensuring that it is durable and long-lasting. It is also CE/FCC/ROHS certified, so you can be confident that you're purchasing a product that is safe and reliable.

The LC-QR-DD001 LED Solar Lamp is perfect for anyone who is looking for an eco-friendly, reliable, and versatile lighting solution. With a minimum order quantity of just 5pcs and a delivery time of 3-8 days, you can have your LED solar light up and running in no time. The packaging comes in a color box, making it perfect for gift giving or personal use.

With a supply ability of 300000pcs/ month, Linkop's LC-QR-DD001 LED Solar Lamp is the perfect solution for all of your lighting needs. Order today and start enjoying the benefits of sun-powered lighting!
