

Super Bright Rechargeable LED Flash Light Aluminum Alloy Zoom Digital Display

Our Product Introduction

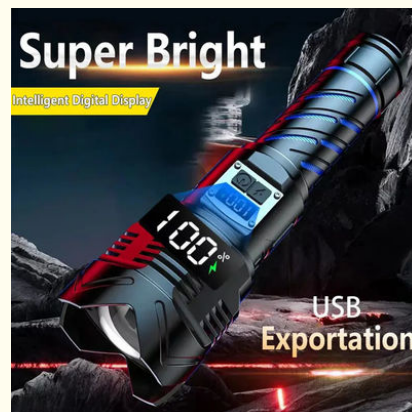

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Linkop
- Certification: CE/FCC/ROHS
- Model Number: LCSD-SZ-A10
- Minimum Order Quantity: 10pcs
- Price: \$15.9/Pcs
- Packaging Details: color box
- Delivery Time: 3-8 days
- Payment Terms: TT
- Supply Ability: 300000pcs/ month

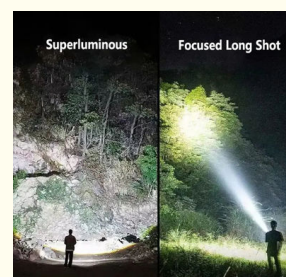

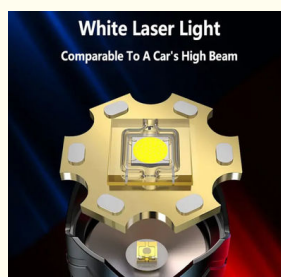

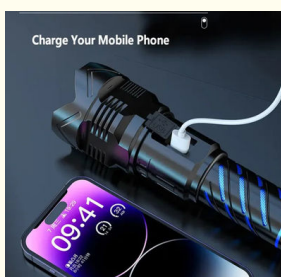

Product Specification

- Lighting Modes: High/Low/Strobe
- Light Source: LED
- Waterproof: Yes
- Flashlight Type: Rechargeable Flashlight
- Feature: Multifunctional
- Ip Rating: IP65
- Package Contents: Lamp lithium Battery T-c Charging Cable instruction Manual
- Power Source: Battery
- Highlight: LED Flash Light Rechargeable, Aluminum Alloy LED Flash Light, Aluminum Alloy Zoom Flash Light

Product Description

Super bright light rechargeable flashlight aluminum alloy zoom digital display flashlight

Product Description:

This flashlight is not only versatile and durable, but also waterproof and suitable for any weather conditions. Whether you need it on a rainy camping trip or a stormy night, this flashlight won't disappoint you. Its waterproof function also makes it very suitable for water related activities such as fishing or rowing.

The LED flash is a rechargeable flashlight, which means you can easily charge it through reverse charging or a USB cable. This laser flashlight has a long battery life, so you don't have to worry about it running out of battery when you need it the most. With its high/low/strobe lighting mode, you can choose the appropriate lighting in any situation. High mode is perfect for illuminating large areas, while low mode is ideal for saving battery life. The strobe mode is suitable for emergency situations or distress signals.

Overall, LED flashlights are an excellent addition to any outdoor enthusiast's equipment. Its durable body, waterproof function, rechargeable battery, and different lighting modes make it suitable for any situation. Whether you need it for camping, hiking, fishing, or emergency situations, this LED flash won't disappoint you.

Features:

Product Name: LED Flash Light
Lamp Body Material: Aluminum Alloy
Light Source: LED Illuminator Lamp
Power Source: Battery
Feature: Multifunctional
Battery capacity: 5000 mAh
Super bright flashlight
Portable rechargeable

Technical Parameters:

Product Name	LED Flash Light
Feature	Multifunctional
Waterproof	Yes
IP Rating	IP65
Lighting Modes	High/Low/Strobe
Beam Throw	1000m
Power Source	Battery
Lamp Body Material	Aluminum Alloy
Package Contents	Lamp,lithium Battery,T-c Charging Cable,instruction Manual
Power Supply	Lithium-ion Battery
Flashlight Type	Rechargeable Flashlight

Applications:

The minimum order quantity for LED flashlight flash is 10 units, and it comes with a color box for packaging details. The delivery time of the product is between 3-8 days, and the payment method is TT. The flashlight has a monthly supply capacity of 300000 units, ensuring that you can use it anytime when needed.

The power source of the diode flash is a lithium-ion battery, which is rechargeable. This flashlight also has three lighting modes, high/low/strobe, which makes it suitable for various scenarios. You can use high mode for outdoor adventures that require maximum brightness, and low mode for indoor activities that require weaker lighting. The strobe mode is perfect for emergency situations where you need to send out a distress signal.

The flash torch LED has a beam throw of over 500 meters, providing perfect remote visibility. Flashlights can also zoom, allowing you to adjust the focus of the beam to meet your needs. This feature is particularly useful when focusing the beam on a specific area.

This rechargeable flashlight is suitable for various occasions, such as camping, hiking, fishing, hunting, and emergency situations. It is also suitable for indoor activities such as home maintenance and power outages.
