Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Linkop
- Certification: CE/FCC/ROHS
- Model Number: LC-BJDJ-000
- Minimum Order Quantity: 10pcs
- Price: \$15.5/Pcs
- Packaging Details: color box
- Delivery Time: 3-8 days
- Payment Terms: TT
- Supply Ability: 3000000pcs/ month

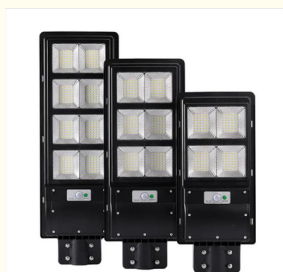

Product Specification

- Application Scenario: Streets, Factories, Yards, Roads, Schools, Gardens And So On
- Power: 90W 120W 150W
- Led Lifespan: >50000H
- Power Supply: Solar
- Waterproof Class: IP67
- Switching Mode: Intelligent Light Control Switch
- Housing Material: ABS
- Led Light: High Brightness Bridgelux
- Highlight: 1500w Solar Led Street Lamp, Household Solar Led Street Lamp, 90w Solar Street Lamp

Product Description

90w-1500w Solar Led Intelligent Light Control High-Power Household Street Lamp

Product Description:

Our LED Street Lamp comes with a range of certifications including CE, EMC, LVD, RoHS, and FCC, ensuring that it meets the highest industry standards for safety and quality. It is a reliable and durable lighting solution that can withstand harsh weather conditions and is ideal for use in public spaces.

The LED Street Lamp comes with a complete product list that includes lights, solar panels, brackets, screws, and a remote control. The included solar panels provide a reliable source of power, making it easy to install and operate without the need for external power sources. The brackets and screws make it easy to mount the lamp onto any surface, while the remote control allows you to easily adjust the brightness and timing settings.

The LED Street Lamp operates on a solar power supply, which makes it an energy-efficient and cost-effective lighting solution. The intelligent light control switch allows the lamp to automatically turn on and off based on the ambient light levels, ensuring that it operates efficiently and conserves energy. It is a low-maintenance lighting solution that requires minimal upkeep and provides long-lasting performance.

Overall, the LED Street Lamp is a reliable and efficient lighting solution that is ideal for use in walkways and freeways. It is easy to install and operate, and provides bright and reliable illumination that helps enhance safety and visibility. With its range of certifications and durable construction, it is a lighting solution that you can trust to provide long-lasting performance.

Features:

Product Name: LED Street Lamp

Warranty: 1 Year

Product List:

Lights

Solar Panels

Brackets

Screws

Remote Control

Installation Mode: No Wiring

Product Name: Smart Solar Street Lamp

Operating Voltage: AC90-295V, 50-60Hz

Features:

LED induction street light

LED walkway lights

LED Street Light

Technical Parameters:

Technical Parameters	Product Specification
Product Name	Smart Solar Street Lamp
Power	90W, 120W, 150W
Charging Mode	Solar Energy
Lithium Battery	3.2V
Switching Mode	Intelligent Light Control Switch
Charging Time	4-8 Hours
Operating Voltage	AC90-295V, 50-60Hz
Product List	Lights, Solar Panels, Brackets, Screws, Remote Control
Work Temperature	-30°C~+60°C
Application Scenario	Streets, Factories, Yards, Roads, Schools, Gardens And So On

Applications:

With a minimum order quantity of 10 pieces, customers can enjoy the benefits of this product in their community. The product comes in color box packaging and has a delivery time of 3-8 days. Payment terms are TT and supply ability is 3000000pcs/month. The Linkop LC-BJDJ-000 LED Street Light has a waterproof class of IP67, which makes it suitable for use in different weather conditions. This product's power supply is solar, making it energy-efficient and environmentally friendly. The LED Road Lamp also has a work temperature of -30°C~+60°C, making it suitable for use in different weather conditions. Its installation mode is no wiring, making it easy to install and reduce installation costs. The housing material of the LED Street Light is ABS, making it durable and long-lasting. The product's high-quality features and durability make it suitable for various product application occasions and scenarios such as:

Lighting up streets in residential areas

Lighting up public parks and recreational areas

Lighting up highways and roads in commercial areas

Lighting up parking lots and garages

The Linkop LC-BJDJ-000 LED Street Light is a reliable and cost-effective solution for lighting up different areas. Its energy-efficient and environmentally friendly features make it a preferred choice for many customers who want to reduce their energy costs and carbon footprint. Purchase this LED Road Lamp today and enjoy its high-quality features and durability.

All in One Solar Street Light

RADAR SENSOR

—— High Efficiency and Energy Saving ——

Waterproof and dustproof Tempered glass Light and Bright

All in One Solar Street Light

High Efficiency and Energy Saving

Keep The Light On For 365 Days

The light will be on automatically in the dark,
and the power will not be cut off in rainy days

Waterproof and dustproof

Tempered glass

Light and Bright

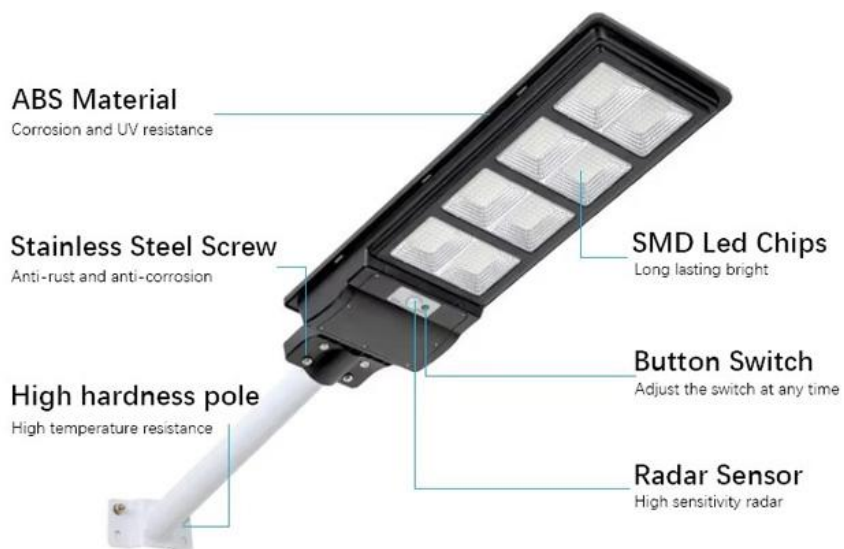

SMD Led Chips

Energy Saving,Environmental protection,Lasting and Bright

High-brightness LED lamp bead light source,
multi-core focusing arrangement distribution

Good lamp Good material

Radar Induction

Highly sensitive human body sensing radar, the lights are fully turned on in the sensing area
