Product Description

Addressable Rgb Ic Colorful Ip67 Led Eave Light, 24v Smart Wifi Outdoor Decorative Light

Product Description:

The LED Strip Lights come with an IP67 rating, making them suitable for both indoor and outdoor use. With their PCB material, these lights are durable and can withstand different weather conditions without getting damaged.

Our LED Strip Lights are designed with 5050 lamps, which are known for their high brightness and energy efficiency. The lights come with a dimmer feature, which means you can adjust the brightness according to your preference.

The addressable feature of these LED Strip Lights allows you to control each LED individually, giving you complete control over the lighting display. Additionally, with the music synchronization feature, the lights can be synced to your music, creating a visually stunning display that is sure to impress.

The timing feature of these LED Strip Lights allows you to set a specific time for the lights to turn on and off. This feature is particularly useful if you want to create a specific ambiance or setting for a particular event or occasion.

Our LED Strip Lights are also smart and can be controlled via a Wi-Fi connection. You can control the lights from your smartphone or tablet, making it easy to set the mood or ambiance in any room or setting.

These Flexible LED Lights are easy to install and come with an adhesive backing, allowing you to attach them to any surface. The flexible design of the lights means you can bend and shape them to fit any space or setting, making them the perfect choice for any home, office, or retail space.

All in all, our LED Eave Lights are the perfect choice for anyone looking to create a visually stunning display that is both versatile and easy to use. With its addressable functionality, music sync, timing options, and Wi-Fi connectivity, you can create a unique and personalized atmosphere that is sure to impress. So what are you waiting for? Order your LED Eave Lights today and start creating the perfect ambiance for any occasion.
