

Flexible Dimmable LED Neon Light 6*12 Waterproof IP67 For Public Spaces

Our Product Introduction

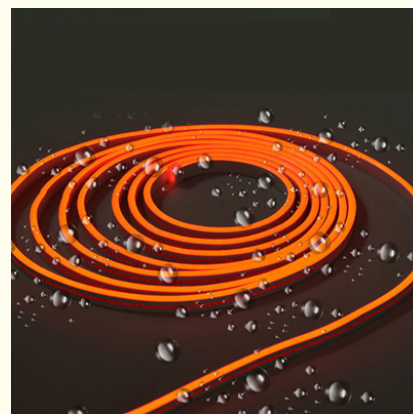

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Linkop
- Certification: CE
- Model Number: LC-NX-12V612
- Minimum Order Quantity: 10 Sets
- Price: \$5.36/Sets
- Packaging Details: bag
- Delivery Time: 3-8 days
- Payment Terms: TT
- Supply Ability: 200000meters/ month

Product Specification

- Specification: 6*12
- Product Information: Neon
- Ip Grade: IP67
- Led Type: LED Neon Light
- Power: 12W/m
- Dimmable: Yes
- Flexible: Yes
- Input Voltage: 12V
- Highlight: 6*12 LED Neon Light, IP67 LED Neon Light, Dimmable LED Neon Light

Product Description

Led Neon Light For Public Spaces And Landmarks With Long Distance Visibility And Impactful Display

Product Description:

This neon LED light is designed to operate on 12V input voltage, making it easy to install and use in a variety of settings. With a power of 12W/m, it is a highly efficient and energy-saving option for your lighting needs.

Our LED Neon Light is available in a 12V neon light option, perfect for those who want to create a unique and eye-catching display. The 12V 6*12 size is ideal for smaller spaces or for creating intricate designs.

Whether you're looking to add some fun and colorful lighting to your home, or want to create a unique and eye-catching display for your business, our LED Neon Light is the perfect solution. With its high-quality materials, efficient lighting, and easy installation, it's the perfect choice for any lighting project.

Features:

Product Name: LED Neon Light

Application: Indoor/Outdoors

Gas Type: Ne

Viewing Angle: 120

Flexible: Yes

Luminous color: Single Color

Neon tube rope light: Yes

12V 8*16: Yes

Addressable neon lights: No

Technical Parameters:

Power	12W/m
Viewing Angle	120
Color	Single Color
Material	Silicone
Luminous Color	Single Color
Shape	Tube
Cutable	Yes
Usage	Festival, Landscaping, Commercial, Home
Flexible	Yes
Cutable Unit	25mm

Applications:

The LED Neon Light strip is cuttable in units of 25mm and has an input voltage of 12V, making it perfect for various power sources. The product's IP67 rating ensures that it is waterproof and can withstand different weather conditions.

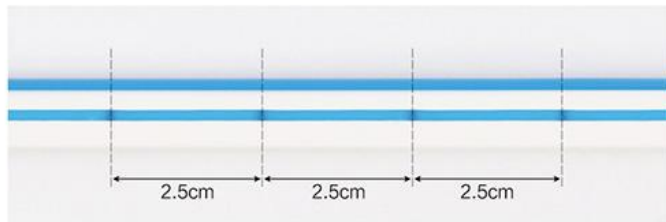

This flexible LED Neon Light is perfect for different occasions and scenarios such as festivals, landscaping, commercial use, and home use. Its flexibility allows it to be used in different creative ways, making it perfect for DIY projects.

The RGB Neon Light strip has a dimension of 12V 8*16, which makes it more energy-efficient than traditional neon lights. The LED technology used in this product ensures that it has a longer lifespan and consumes less power. This makes it a more cost-effective solution for your lighting needs.

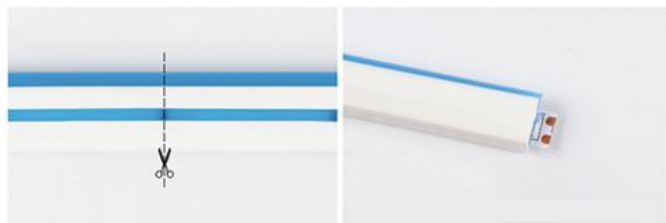

12V low voltage light strip
High brightness
Durable and long lasting

INSTALLATION DIAGRAM

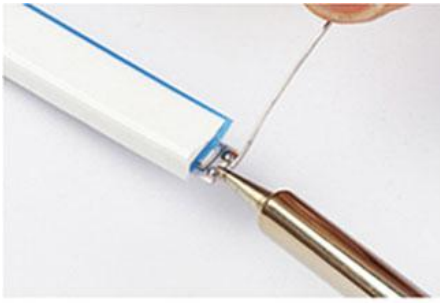

Cut marks every 2.5 cm

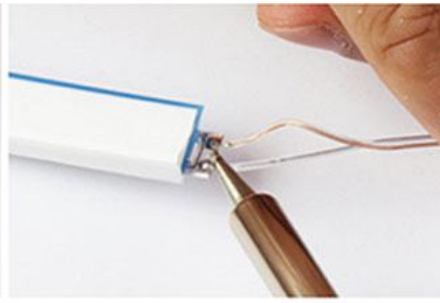

The marked area can be cut

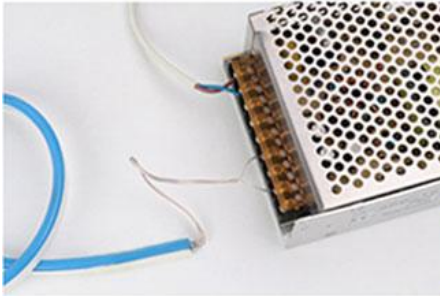

After cutting, two welding points will be seen

Add tin

Welding connection wire

Connect the transformer

Power on and use
