#### Applications:

**1. Mood Lighting:** The color-changing light strips are perfect for setting the mood in any room. They can be used to create a relaxing atmosphere in a bedroom or to add a touch of excitement to a party.

**2. Accent Lighting:** These LED strip lights are ideal for accent lighting in a variety of settings. Use them to highlight artwork, architectural features, or even furniture pieces.

**3. Outdoor Lighting:** The IP20/IP65/IP67 rated LED strip lights are perfect for outdoor use. They can be used to light up walkways, decks, and patios. The high light output ensures that they are visible even in bright sunlight.

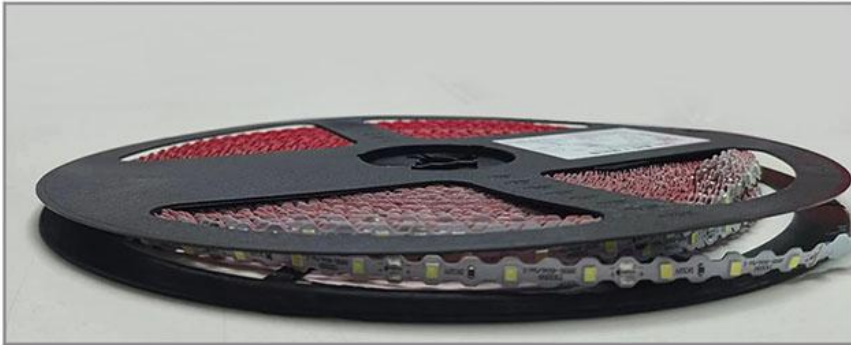

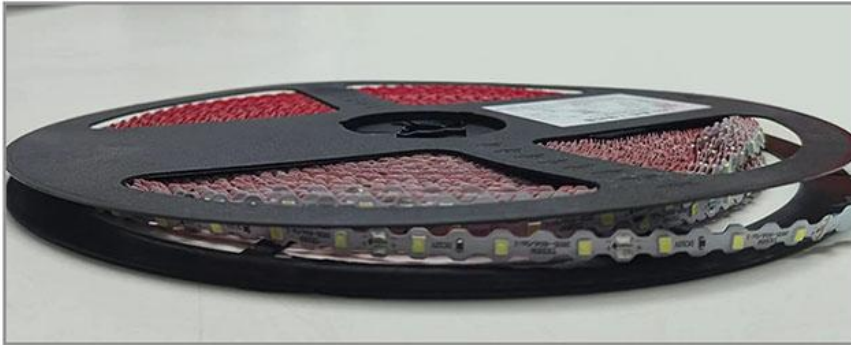

**4. Retail Display Lighting:** These color-changing light strips are perfect for adding visual interest to retail displays. They can be used to highlight products or to create a unique ambiance in the store.

**5. Event Lighting:** The LED strip lights are perfect for adding visual appeal to any event. Use them to light up a stage, create a unique ambiance in a banquet hall, or to add a touch of fun to a wedding reception. These LED strip lights are available in single color options and can be powered by DC12V. The lamp body material is made of PCB, ensuring durability and reliability. These LED strip lights are CE certified and have a minimum order quantity of 10 meters. They come in a bag for easy transportation and have a delivery time of 3-8 days. Payment terms are TT and the supply ability is 500000 meters per month, making them a reliable and convenient lighting solution for any occasion.
