Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Linkop
- Certification: CE
- Model Number: LCSD-NYX-220V-312
- Minimum Order Quantity: 10 Pcs
- Price: \$1.7/Pcs
- Packaging Details: bag
- Delivery Time: 3-8 days
- Payment Terms: TT
- Supply Ability: 500000meter/ month

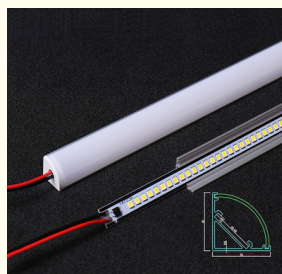

Product Specification

- Product Detail: Light Strip
- Input Voltage: DC 220V
- Product Name: LED Rigid Light Strip
- Lamp Type: 2835
- Lamp Body Material: PCB
- Application Scenario: Home/Store Display Cabinets
- Emitting Color: White, white Warm
- Power Input: DC220V
- Highlight: 2835 Led Strip Lights, Single Color Led Strip Lights, White Warm Led Strip Lights

Product Description

White Warm Led Strip Lights 2835 Single Color For Your Requirements

Product Description:

LED rigid light strips are a flexible LED light that can be used in a variety of applications. Whether you want to add some ambiance to your home or create an eye-catching piece, these LED light strips are the perfect solution. They can be easily installed and come in a variety of sizes to fit a variety of spaces.

One of the best features of LED rigid light strips is that they support dimming. With a compatible dimmer switch, you can adjust the brightness to your desired level. This makes them perfect for creating a relaxing ambiance in your bedroom or living room.

LED rigid light strips use 2835 lamp-type LED bulbs, which provide a bright and efficient light source. They are also energy-efficient, making them an eco-friendly choice for your lighting needs.

Overall, LED rigid light strips are a versatile and practical lighting solution for any project. Whether you want to add some ambiance to your home or create an eye-catching piece, these flexible LED lights are the perfect choice. With their high light output as well as dimming support, they are sure to exceed your expectations.

Features:

Product Name: LED Rigid Light Strip

Application Scenario: Home/Store Display Cabinets

Product Detail: Light Strip

Power Input: DC220V

Lamp Body Material: PCB

Features:

Dimmable LED strips

Rigid LED strips

Single color dimmable LED strips

Technical Parameters:

Application Scenario	Home/Store Display Cabinets
Lamp Type	2835
Product Characteristics	High Light
Emitting Color	White, White Warm
Lifespan	50,000 Hours
Color	Single Color
Power Input	DC220V
Size	30CM-120CM
Product Detail	Light Strip
Input Voltage	DC 220V

Applications:

The LCSD-NYX-220V-312 Dimmable LED Strip Lighting is available in sizes ranging from 30CM-120CM, making it perfect for a variety of applications. Its IP42 grade ensures that it is protected against dust and moisture, making it ideal for use in both indoor and outdoor settings. The emitting colors available for this product are white and warm white.

The LCSD-NYX-220V-312 Dimmable LED Strip Lighting is also compatible with dimmer switches, allowing you to adjust the brightness of your lighting to suit your needs. This makes it perfect for use in a variety of scenarios, such as in a bedroom or living room, where you may want to adjust the lighting to suit your mood or activity.

In summary, the LCSD-NYX-220V-312 Dimmable LED Strip Lighting is a high-quality and versatile lighting solution that can be used in a variety of occasions and scenarios. Its compatibility with dimmer switches and color-changing light strips allows you to adjust the lighting to suit your needs and add a fun element to your space. With its high supply ability and reliable quality, this product is sure to meet all your lighting needs.

Ultra-thin type

Triangular type

Push button switch

220V direct plug use

PC light-transmitting cover

Non-oxidizing, easy to clean, durable

Aluminum cover

Adopt high-diffusion aluminum cover, uniform light emission, soft light, double eye protection
