## Product Description

### Fantasy Addressable Led Neon Light With 12v Flexible 96 Leds/m Outdoor Waterproof

#### Product Description:

Installation is super easy - just use the tape to stick the LED neon rope lights to the mounting surface. This makes them perfect for use in a variety of environments, from bedrooms and living rooms to bars and clubs.

If you want more control over your lighting, these LED neon lights are dimmable. This means you can adjust the brightness and color as needed, and even emit fantastic light colors, whether you're watching a movie with friends or just enjoying some quiet time at home.

But what really makes these lights special is their construction. They're made of neon light and have a lifespan of up to 50,000 hours. This means you can enjoy bright and colorful lighting for years to come without having to worry about replacing the lights in the near future.

So if you're looking for a versatile and long-lasting lighting solution, our 12V RGBIC LED Neon Rope Lights are the perfect choice. With easy installation, adjustable brightness, and durable construction, they're sure to add a touch of fun and color to any space.
