Product Description

Led Single Color Cob Light Bar 180° Beam Angle 24v 320 Lights Width 5mm

Product Description:

The COB LED Light Strip is dimmable, which means you can adjust the brightness to suit your needs. This feature is particularly useful for creating different moods and ambiance in your home or office. Whether you're looking for bright, white light for working or studying, or a warm, soft glow for relaxation, the COB LED Light Strip has got you covered.

The COB LED Light Strip is available in a range of color temperatures, from 2700K to 6500K. This means you can choose the perfect color temperature for your needs, whether you prefer a warm, amber glow or a cool, blue-white light. The COB LED Light Strip also comes in both single color COB and RGB options, so you can choose the option that best fits your needs.

The COB LED Light Strip operates on an input voltage of 24V, which provides a safe and reliable power source for your lighting needs.

The strip is easy to install and can be cut to fit any length, making it a versatile lighting solution for a variety of applications. Whether you're looking to add some accent lighting to your home or office, or you need a reliable and energy-efficient lighting solution for your workspace, the COB LED Light Strip is an excellent choice.

Features:

Product Name: COB LED Light Strip

Beam Angle: 180 Degrees

Adhesive Backing: 3M

Width: 5mm

Ip Rating: IP20

Dimmable: Yes

The COB LED Light Strip is a versatile and flexible lighting solution. With a beam angle of 180 degrees, this COB light belt provides bright and even illumination. Its adhesive backing uses 3M technology to ensure a secure and long-lasting hold. At only 5mm in width, this COB light belt can fit into tight spaces. Rated IP20, it is suitable for indoor use. Plus, it is dimmable for customizable lighting options.

Technical Parameters:

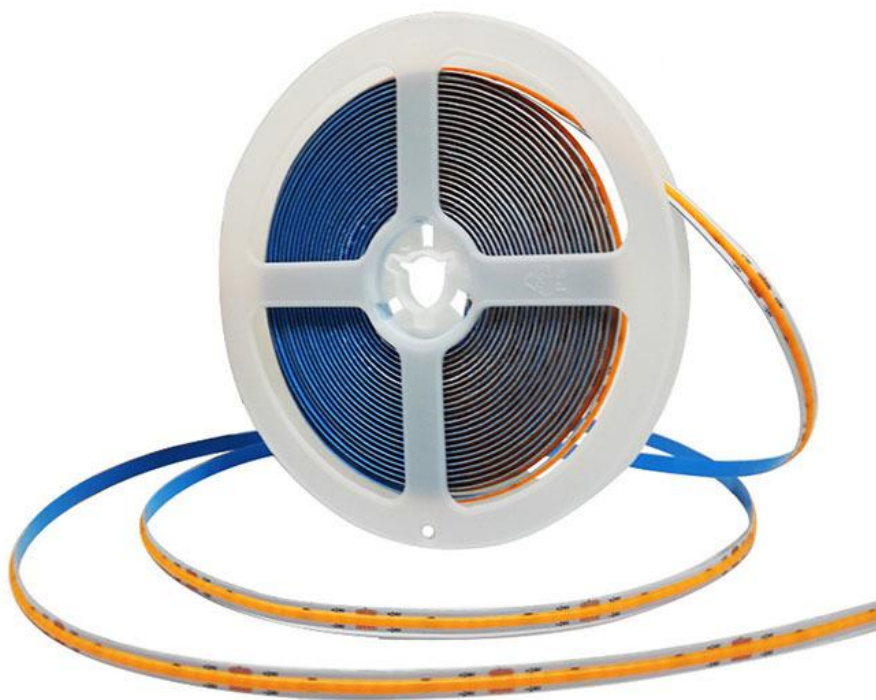

Attribute	Value

Lifetime	50,000 Hours
Cri	90+
Width	5mm
Beam Angle	180 Degrees
Ip Rating	IP20
Voltage	24V
Led Type	COB
Luminous Flux	800lm/m

Applications:

The COB LED technology used in the LC-kwgd-20210125 ensures a long lifespan of 50,000 hours. With a voltage of 24V and a color temperature range of 2700K-6500K, this light strip is suitable for a range of applications. The 180-degree beam angle ensures a wide and even distribution of light, making it ideal for both accent and task lighting.

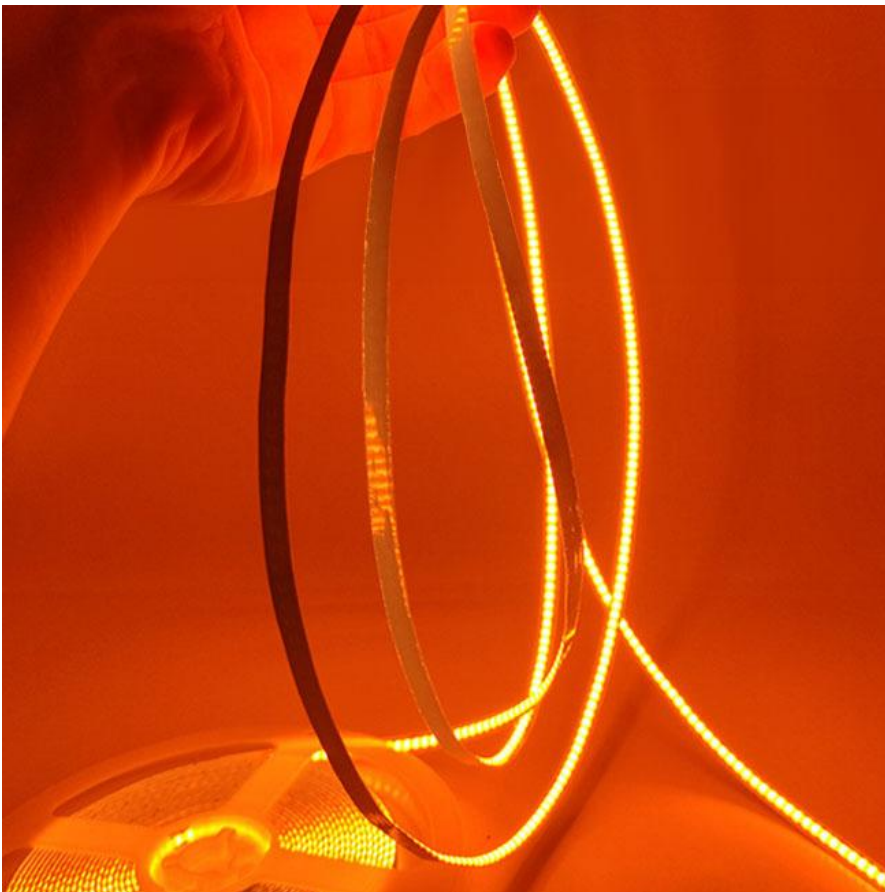

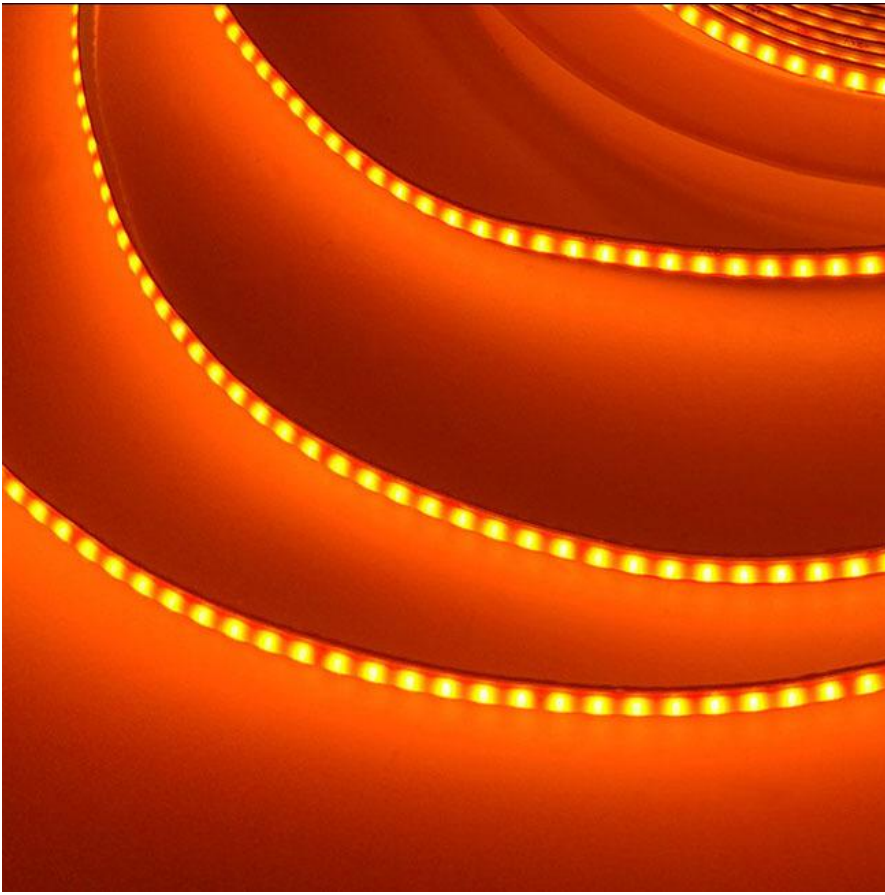

The LC-kwgd-20210125 is easy to install with its 5mm width and can be cut every 25mm to fit any space. This feature makes it ideal for use in both small and large areas, such as homes, offices, restaurants, and retail spaces. The supply ability of 200000 meters per month ensures that orders can be fulfilled quickly and efficiently.

Overall, the Linkop LC-kwgd-20210125 COB LED Light Strip is a high-quality lighting solution that is perfect for a variety of occasions and scenarios. Its affordability, versatility, and ease of installation make it an ideal choice for anyone looking to improve their lighting setup. Order now and get your hands on this amazing product that comes with a delivery time of 3-8 days and payment terms of TT.
