Product Description

24v Addressable Dreamy Rgb Dimmable Cob Light Strip With 672 Leds Quantity

Product Description:

The COB LED Light Strip is a low voltage line lamp, which means it is energy efficient and safe to use. It has a power rating of 7W/M, making it a powerful and reliable lighting solution for any space.

One of the standout features of this product is its addressable RGB functionality. This allows users to control the color and intensity of the lights, creating a customized and dynamic lighting experience. Whether you want to set the mood for a party or create a relaxing atmosphere, the COB LED Light Strip can help you achieve your desired effect.

The COB LED Light Strip is also incredibly durable and long-lasting. It features white light COB technology, which ensures a long lifespan and consistent performance. With 672 LEDs, this product is capable of providing bright and even lighting for any space.

In addition to its impressive features, the COB LED Light Strip comes with a 2-year warranty. This gives users peace of mind and ensures that they can enjoy their lighting solution for years to come.

Overall, the COB LED Light Strip is an excellent choice for anyone looking for a high-quality, customizable, and energy-efficient lighting solution. With its addressable RGB functionality, white light COB technology, and long-lasting performance, this product is sure to meet all of your lighting needs.

Features:

Product Name: COB LED Light Strip
Power: 7W/M
Warranty: 2 Years
Voltage: 24V
Dimmable: Yes
Operating Voltage: 24V
Type: RGB+IC
Light Source: LED COB light

Technical Parameters:

Led Quantity	672
Width	10mm
Length	5 Meters
Type	Flexible LED Strip
Dimmable	Yes
Operating Voltage	24V
Voltage	24V
Cri	90+
Led Type	COB LED
Power	7W/M

Applications:

The Linkop COB LED Strip (Model: LC-kwgd-COB20231207) is a versatile lighting solution that can be used in a variety of occasions and scenarios. With a CE certification and a minimum order of 10 meters, this strip is priced at \$4.3 per meter, making it an affordable and reliable choice for both personal and professional use.

One of the key features of this COB LED strip is its dimmable function, which allows you to adjust the brightness according to your needs and preferences. In addition, the strip is cuttable every 3 LEDs, giving you the flexibility to customize the length to fit your space.

With 672 LEDs per meter, this strip is a powerful light source that can be used in a variety of environments. The non-waterproof feature makes it ideal for indoor use, such as homes, offices, and retail stores.

As a low-voltage line light with a width of 10 mm, the Linkop COB LED Strip can be easily installed in a variety of locations. Whether you want to add some extra lighting to your kitchen cabinets, highlight artwork in your living room, or create a stunning display in your shop window, this light strip can help you achieve what you want.

Packaging details for this product include a bag and a delivery time of 3-8 days. Payment terms are TT and supply capacity is 200000 meters per month. With a warranty of 2 years and a lifespan of 50,000 hours, you can trust that this light strip will provide reliable and long-lasting performance.
