Product Description

48v Silicone Waterproof Light With 120 Lamps For Sterilization And Mosquito Killing Uv Light

Product Description:

This is a UV light strip made by a special process. The width of 15mm and double rows of lamp beads can sterilize and kill mosquitoes while adding a sense of atmosphere.

The surface of the light strip is pure silicone with IP65 waterproof rating, suitable for indoor and outdoor use. You don't have to worry about the light being damaged by water or moisture,
providing you with long-lasting and durable lighting.

Our LED light strip consumes only 28.8W of power per meter, which is energy-saving and environmentally friendly. You can now enjoy lighting without worrying about high electricity bills
or excessive energy use.

Our dimmable LED light strip gives you the flexibility to customize lighting to suit your needs. You can adjust the brightness according to your preferences to create the perfect atmosphere
for any occasion.

Features:

Product Name: LED Strip Lights
Ip Rate: IP65 Waterproof
Application Scenario: Home/Store Display Cabinets
Led Lamps: 120 LEDS/M
Width: 15mm
Led Configuration: 5050
Features:
UV violet light
Adhesive LED Rope Lights

Technical Parameters:

Color	UV Purple Light
Switch Mode	Remote Control
Width	15mm
Operating voltage	DC 48V
Type	Double Row Purple Light Strip
Life	50,000h
Light Color	Purple
Power	28.8W/m
Led Configuration	5050
Application Scenario	Home/Store Display Cabinets

Applications:

The working voltage of this light strip is DC48V, which can ensure the brightness while being low power and environmentally friendly. The minimum order quantity of these LED light strips
is 10 meters, which are packed in bags. The price of these lights is $14 and the shelf life is 3 years. It is a good choice for anyone looking for high-quality LED light strip lighting.

These LED light strips are CE certified and have a monthly supply capacity of 500,000 meters. They are manufactured in Guangdong, China, and the delivery time is 3-8 days. The
