Product Description

24v High Brightness 3014 Single Row Led Light Strip Suitable For Indoor Roof Dark Groove Decorative Lighting

Product description:

This product is a monochrome engineering light strip designed for billboards and interior decoration. It has 3014 high-brightness lamp beads, a power of 24W/m, a 24V working voltage, is safe and reliable, and has three color temperatures to choose from: 2700K/3000K/3500K. It is IP20 waterproof and dustproof. Each meter is composed of 240 high-brightness 3014LED lamp beads, with a width of 10mm and 2P pins at both ends.

Features:

Product Name: LED single color light strip
Led Type: 3014
Model: LC-3014-24
Size: 10mm
Working Voltage: 24V
Lifespan: 50,000 Hours

Technical Parameters:

Usage	Indoor
Led Type	3014
Working Voltage	24V
Specification	10mm
Colour	Single Color
Power	24w/m
Model	LC-3014-24
Shape	Flexible Tube
Color Jacket	2700K/3000K/3500K
Cuttable	Yes

Applications:

This product is a non-waterproof IP20 light strip, suitable for billboards, light boxes, and interior decoration, and is designed for quantitative engineering use. It needs to be connected to a DC24V power adapter and a controller, and the light brightness and switch can be adjusted by the remote control.

The LED light strip is CE certified, and the minimum order quantity is 10 meters. The price of this product is US\$5 per meter, 5 meters/roll, and moisture-proof and anti-static packaging bags.

The delivery time of this product is 3-8 days, and the payment terms are TT. The supply capacity of this product is 200,000 meters per month.

LED monochrome light strips are suitable for various applications and scenarios. The following are some common applications and scenarios: home, shopping malls, supermarkets, billboards, light boxes, interior decorative lighting, etc.
