Basic Information

- Place of Origin: Guangdong, China
- Brand Name: LINKOP
- Certification: CE
- Model Number: LCSD-12V5050-RGB-60D-IP20
- Minimum Order Quantity: 50 meters
- Price: \$0.9/meters
- Packaging Details: bag
- Delivery Time: 3-8 work days
- Payment Terms: T/T
- Supply Ability: 500000meters/month

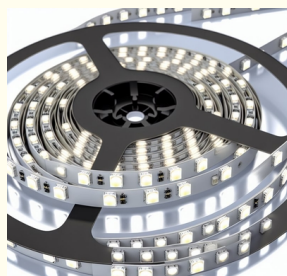

Product Specification

- Chip Quantity: 20 Pcs/m
- Product_Name: LED Strip Lights
- Colour: RGB+IC
- Led Type: 5050
- Leds Type: SMD5050
- Size: 5m/roll
- Model: LC-KWGD-6812-60-1
- Working Voltage: 5V
- Highlight: LED strip lights RGB IC, 60 leds/m LED strips, RGB LED lighting strips

Product Description

Product Description:

Welcome to our product summary for the LED Strip Lights - Model LC-KWGD-6812-60-1. These versatile LED strip lights are perfect for a variety of indoor applications, providing vibrant and customizable lighting solutions. With a voltage of DC 5V, these LED strip lights are energy-efficient and easy to use.

The Automotive Led Light Strips are designed with 20 pieces of chips per meter, ensuring a bright and consistent illumination throughout the strip. Whether you are looking to enhance the ambiance of your living space or add accent lighting to your car interior, these LED light strips are the perfect choice.

One of the key features of these Colour Changing Led Strip Lights is their ability to change colors, allowing you to create dynamic lighting effects to suit any mood or occasion. With the COB LED technology, these strip lights provide a smooth and even light output, enhancing the overall aesthetic appeal of your space.

With a power consumption of 12w per meter, these LED strip lights are energy-efficient and cost-effective, making them an ideal lighting solution for both residential and commercial applications. The low power consumption also means that you can enjoy bright and vibrant lighting without worrying about high electricity bills.

Whether you are looking to add a pop of color to your home decor or enhance the visual appeal of your car interior, these LED strip lights are the perfect choice. Their flexible design allows for easy installation on various surfaces, ensuring a seamless and professional-looking lighting setup.

These LED strip lights are not only functional but also stylish, making them a versatile lighting solution for any indoor space. Whether you want to create a cozy atmosphere in your living room or add a touch of elegance to your car interior, these LED light strips are sure to impress.

Overall, the LED Strip Lights - Model LC-KWGD-6812-60-1 are a high-quality and versatile lighting solution that offers bright and customizable illumination for a variety of indoor applications. With their energy-efficient design, color-changing capabilities, and COB LED technology, these strip lights are sure to enhance the ambiance of any space. Invest in these LED strip lights today and experience the difference they can make in your home or car!

Features:

Product Name: LED Strip Lights

Size: 5m/roll

Power: 12w/m

Product Usage: Indoor

Working Voltage: 5V

Technical Parameters:

Attribute	Value
Colour	RGB+IC
Model	LC-KWGD-6812-60-1
Ip Grade	IP20
Working Voltage	5V
Shape	Flexible ribbon
Size	5m/roll
Number of lamp beads	60 leds/m
Emitting Color	RGB+IC
Power	12w/m
Product Usage	Indoor

Applications:

LED strip lights from LINKOP are versatile lighting solutions suitable for a wide range of applications due to their high quality and innovative design. The model number LCSD-12V5050-RGB-60D-IP20 is a top-of-the-line product that is CE certified, ensuring safety and reliability. Originating from Guangdong, China, these LED strip lights are known for their superior performance and durability.

One of the key features of these LED strip lights is their emitting color, which is RGB+IC, making them perfect for creating dynamic and colorful lighting effects. The LEDs are of the SMD5050 type, with 60 LEDs per meter, providing bright and uniform illumination. The IP20 grade ensures protection against dust and solid objects.

With a minimum order quantity of 50 meters and a competitive price of \$0.9 per meter, these LED strip lights are ideal for both residential and commercial use. The flexible payment terms of T/T make it convenient for customers to make purchases.

The supply ability of 500,000 meters per month ensures that customers can easily meet their lighting needs without any delays. The fast delivery time of 3-8 work days further adds to the convenience of purchasing these LED strip lights.

These LED strip lights are perfect for a variety of applications, including but not limited to:

High Voltage LED Strip Light: The high quality and reliability of LINKOP LED strip lights make them ideal for use in high voltage applications where performance is crucial.

Grow Light LED Strips: With their vibrant RGB+IC color and high LED quantity, these LED strip lights are perfect for providing the necessary light spectrum for indoor plant growth.

5050 RGB LED Strip Lights: The SMD5050 LEDs and RGB+IC emitting color make these LED strip lights perfect for creating colorful and dynamic lighting displays in various settings.

Each package comes in a convenient bag for easy storage and transportation, ensuring that the LED strip lights remain protected during shipping and handling.

Support and Services:

Our Product Technical Support and Services for LED Strip Lights include: -----

- Assistance with installation and setup of the LED strip lights
- Troubleshooting guidance for any technical issues
- Product usage tips and recommendations
- Warranty coverage and product repair services
- Compatibility information with other devices or systems

We are committed to providing comprehensive support to ensure you have the best experience with our LED strip lights.

Packing and Shipping:

Product Packaging and Shipping: -----

Our LED Strip Lights are carefully packaged to ensure they arrive in perfect condition. Each set of lights is wrapped in protective packaging to prevent any damage during transit.

For shipping, we use reliable carriers to deliver your order safely and on time. You can track your package using the provided tracking number to know exactly when it will arrive.

FAQ:

Q: What is the brand of these LED Strip Lights? -----

A: The brand of these LED Strip Lights is LINKOP.

Q: What is the model number of these LED Strip Lights?

A: The model number of these LED Strip Lights is LCSD-12V5050-RGB-60D-IP20.

Q: Where are these LED Strip Lights manufactured?

A: These LED Strip Lights are manufactured in Guangdong, China.

Q: What is the minimum order quantity for these LED Strip Lights?

A: The minimum order quantity for these LED Strip Lights is 50 meters.

Q: What are the payment terms for purchasing these LED Strip Lights?

A: The payment terms for purchasing these LED Strip Lights are T/T.
