#### Basic Information

- Place of Origin: Guangdong, China
- Brand Name: LINKOP
- Certification: CE
- Model Number: LCSD-12V5050-RGB-60D-IP20
- Minimum Order Quantity: 50 meters
- Price: \$0.9/meters
- Packaging Details: bag
- Delivery Time: 3-8 work days
- Payment Terms: T/T
- Supply Ability: 500000meters/month

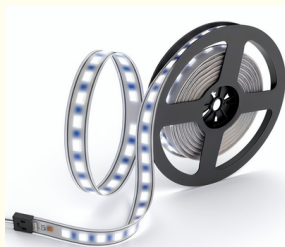

#### Product Specification

- Model: LC-KWGD-6812-60-1
- Product Category: LED Strip Lights
- Led Type: 5050
- Emitting Color: RGB+IC
- Working Voltage: 5V
- Number Of Lamp Beads: 60 Leds/m
- Chip Quantity: 20 Pcs/m
- Product Name: Addressable 5v Self-adhesive Light Strip 6812 Colorful 60 Lights Not Waterproof Ip20
- Highlight: **flexible ribbon LED strip light, high voltage LED strip 5V, versatile LED lighting solutions**

## Product Description

### Product Description:

Introducing our innovative Addressable 5v Self-adhesive Light Strip 6812 Colorful 60 Lights Not Waterproof Ip20, perfect for a variety of lighting needs. With a lifespan of 50,000 hours, this LED strip light is designed to provide long-lasting illumination for your space. The LED Strip Lights feature a high LED Quantity of 60 LEDs per meter, ensuring bright and uniform lighting that transforms any room or setting. Each LED is of the 5050 type, known for its energy efficiency and durability, making it an ideal choice for those looking for reliable lighting solutions.

Operating at a Voltage of DC 5V, this LED strip light is not only energy-efficient but also safe to use, making it suitable for a wide range of applications. Whether you need accent lighting for your home, office, or outdoor space, these LED Strip Lights are versatile and easy to install.

These Grow Light LED Strips are perfect for creating a vibrant and inviting atmosphere in any environment. The self-adhesive design makes installation a breeze, allowing you to quickly and easily set up your lighting without any hassle. Whether you're looking to enhance your indoor plants' growth or create a colorful backdrop for a special event, these LED Strip Lights are the perfect choice.

Additionally, if you require a 24V LED Strip Light for your specific lighting needs, this product can be easily adapted to suit your requirements. The flexibility and versatility of these LED Strip Lights make them a convenient and practical lighting solution for various settings.

For those looking for a portable lighting option, these Battery Powered LED Strip Lights offer the flexibility to illuminate any space without the need for a direct power source. Simply install the batteries, and you can enjoy the vibrant and colorful lighting provided by these LED Strip Lights wherever you go.

Product Name: LED Strip-Lights

Power: 12w/m

Shape: Flexible ribbon

Led Type: 5050

Number of lamp beads: 60 leds/m

Size: 5m/roll

### Technical Parameters:

Product Category	LED Strip Lights
Working Voltage	5V
Shape	Flexible ribbon
LED Type	5050
Model	LC-KWGD-6812-60-1
Product Usage	Indoor
Emitting Color	RGB+IC
IP Grade	IP20
Product Name	LED Strip Lights
Leds Type	SMD5050

### Applications:

LED strip lights have become a popular choice for adding ambiance and illumination to various settings. LINKOP's LCSD-12V5050-RGB-60D-IP20 LED strip lights are versatile and can be used in a wide range of product application occasions and scenarios.

#### 1. Home Decor:

These dimmable LED strip lights are perfect for home decor applications. They can be used under cabinets, along shelves, or behind furniture to add a touch of ambiance and style to any room. The flexible design of the strip lights allows for easy installation in any space.

#### 2. Event Lighting:

For events such as parties, weddings, or concerts, these digital LED strip lights can create stunning lighting effects. The RGB+IC emitting color produces vibrant and colorful lighting that can enhance the overall atmosphere of the event.

#### 3. Retail Displays:

LINKOP's LED strip lights are also ideal for retail displays. The bright and energy-efficient lighting can help showcase products effectively and attract customers' attention. The self-adhesive feature makes installation quick and easy, making it a convenient lighting solution for retail environments.

#### 4. Hospitality Settings:

Hotels, restaurants, and bars can benefit from the flexible LED strip lighting provided by LINKOP. The customizable lighting options can

create different moods and settings to suit various occasions, whether it's a cozy dinner setting or a lively bar atmosphere.

#### 5. Architectural Lighting:

Architects and interior designers can use these LED strip lights to enhance the architectural features of a space. The slim and flexible ribbon shape allows for discreet installation in coves, alcoves, or around columns, adding a modern and stylish touch to the design. With its CE certification and a lifespan of 50,000 hours, the LINKOP LCSD-12V5050-RGB-60D-IP20 LED strip lights are a reliable and high-quality lighting solution. The minimum order quantity of 50 meters and affordable price of \$0.9/meter make it accessible for various projects. Payment terms via T/T and a supply ability of 500,000 meters per month ensure a smooth transaction process. Delivery time of 3-8 work days and packaging details in a bag make it convenient for customers to receive their orders promptly and securely.

### Support and Services:

Our LED Strip Lights come with comprehensive Product Technical Support and Services to ensure that you have a seamless experience with our product. Our team of experts is available to assist you with any technical queries or issues you may encounter. Additionally, we offer installation guidance, troubleshooting assistance, and product maintenance tips to help you maximize the performance and longevity of your LED Strip Lights.

### Packing and Shipping:

#### Product Packaging:

Our LED Strip Lights are carefully packaged to ensure safe delivery to your doorstep. Each strip is wrapped in protective material and placed in a sturdy cardboard box to prevent damage during transit.

#### Shipping Information:

We offer fast and reliable shipping for our LED Strip Lights. Orders are typically processed within 1-2 business days and shipped via trusted courier services. You will receive a tracking number to monitor your shipment's progress.
