

## Warm White 3000K/Neutral White 4000K/White Light 6500K LED Strip Lights with Cuttable Design and SMD 2835

### Our Product Introduction

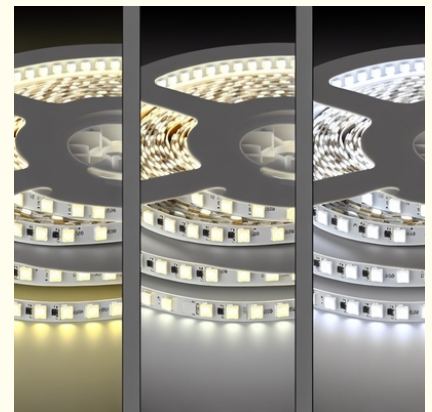

#### Basic Information

- Place of Origin: Guangdong, China
- Brand Name: LINKOP
- Certification: CE
- Model Number: LCSD-12V5050-RGB-60D-IP20
- Minimum Order Quantity: 50 meters
- Price: \$0.9/meters
- Packaging Details: bag
- Delivery Time: 3-8 work days
- Payment Terms: T/T
- Supply Ability: 500000meters/month

#### Product Specification

- Cuttable: Yes
- Warranty: 2 Years
- Model: LC-kw-g-08
- Led Configuration: 60 LEDs Per Metre
- Color Jacket: Warm White 3000K/Neutral White 4000K/White 6500K
- Life: 50,000h
- Color Temperatures: Warm White 3000K/Neutral White 4000K/White Light 6500K
- Usage: Home, Shopping Malls, Supermarkets, Outdoor Decorative Lighting, Etc.
- Highlight: **cuttable LED strip lights 3000K, SMD 2835 LED strip lights, multi-color temperature LED strips**

## Product Description

### Product Description:

At 8.4w/m, this Flexible Led Strip Lighting provides efficient power consumption without compromising on brightness. Each meter of this LED strip features 60 LEDs, offering a balanced and uniform illumination for your desired area. Whether you need to add ambient lighting to your living room or highlight architectural features in your garden, this LED strip light is the perfect choice.

Equipped with 2P pins at both ends, installation of this LED strip light is a breeze. The pins ensure secure connectivity and easy setup, allowing you to customize the lighting layout according to your preference. Whether you want to create a continuous line of light or bend the strip around corners, the flexibility of this LED strip makes it possible to achieve your desired lighting design.

Enhance the ambience of any space with the brilliant illumination provided by this COB LED Strip Light. The high number of LEDs per meter ensures a bright and even distribution of light, perfect for accentuating decor elements or providing functional lighting in workspaces. With this LED strip light, you can easily transform the atmosphere of your room with a touch of modern lighting technology. Whether you are a DIY enthusiast looking to add a creative touch to your home or a professional designer seeking reliable lighting solutions for your projects, this High Voltage LED Strip Light is a versatile choice that delivers both performance and style. Its durable construction and efficient power usage make it a cost-effective and environmentally friendly lighting option.

Upgrade your lighting setup with our COB LED Strip Light and experience the benefits of high-quality illumination in a compact and flexible design. Bring your lighting ideas to life with this Flexible Led Strip Lighting and create captivating lighting effects that will impress your guests and enhance the overall aesthetic of your space.

### Features:

Product Name: LED Strip Lights

Warranty: 2 Years

Color Jacket: Warm White 3000K/Neutral White 4000K/White 6500K

Led Type: SMD 2835

Size: 5m/roll

Cuttable: Yes

### Technical Parameters:

Voltage	12V
Model	LC-kw-g-08
Pins	2P pins at both ends
Life	50,000h
Warranty	2 Years
Product Category	LED Strip Lights
Width	10mm
Led Type	SMD 2835
Led Configuration	60 LEDs Per Metre
Waterproof	IP67

### Applications:

Product Application Occasions and Scenarios for LINKOP LED Strip Lights:

The LINKOP LCSD-12V5050-RGB-60D-IP20 LED Strip Lights are versatile and can be used in a variety of settings due to their high quality and durability. Here are some common occasions and scenarios where these LED strip lights can be effectively utilized:

- \*\*Home Decoration:\*\*** These LED strip lights are perfect for adding ambience and style to homes. They can be used in living rooms, bedrooms, kitchens, and even bathrooms to create a cozy and inviting atmosphere.
- \*\*Outdoor Lighting:\*\*** The outdoor waterproof feature of these LED strip lights makes them ideal for outdoor applications. They can be used to illuminate gardens, patios, balconies, and pathways, enhancing the overall look of the outdoor space.
- \*\*Commercial Spaces:\*\*** LINKOP LED strip lights are suitable for use in commercial spaces such as restaurants, bars, retail stores, and offices. They can be used to highlight certain areas, create focal points, or simply add a touch of modernity to the space.
- \*\*DIY Projects:\*\*** These LED strip lights are also great for DIY enthusiasts who enjoy working on creative projects. They can be used to make custom light fixtures, accent lighting, or even signage for personal or professional projects.
- \*\*Automotive Lighting:\*\*** For automotive enthusiasts, these LED strip lights can be used to enhance the interior or exterior of vehicles. They can be installed under dashboards, seats, or along the exterior to create a custom look and improve visibility.
- \*\*Battery Powered LED Strip Light:\*\*** The flexibility and portability of these LED strip lights make them ideal for battery-powered applications. They can be used in camping, RVs, or any other setting where access to traditional power sources is limited.

Overall, the LINKOP LCSD-12V5050-RGB-60D-IP20 LED Strip Lights are a versatile lighting solution suitable for various occasions and

scenarios. With their high-quality construction, waterproof design, and energy-efficient LED technology, these strip lights offer both functionality and style.

## Support and Services:

Our Product Technical Support and Services for LED Strip Lights include:

- Expert assistance with installation and setup
- Troubleshooting guidance for any issues
- Warranty support and product repairs
- Information on compatible accessories and extensions
- Regular software updates and patches to enhance performance

## Packing and Shipping:

Product Packaging:

Our LED Strip Lights are carefully packaged to ensure they arrive in perfect condition. Each strip is wrapped in protective plastic and placed in a sturdy cardboard box with cushioning material to prevent any damage during transit.

Shipping:

We offer fast and reliable shipping service for our LED Strip Lights. Orders are typically processed within 1-2 business days and shipped via reputable carriers such as FedEx or UPS. Customers will receive a tracking number to monitor the status of their shipment. Delivery times may vary depending on the destination, but most orders are delivered within 3-5 business days.

## FAQ:
