## Product Description

### Product Description:

Introducing the Addressable 5v Self-adhesive Light Strip 6812 Colorful 60 Lights Not Waterproof Ip20, a top-of-the-line product in the LED Strip Lights category. This flexible ribbon LED strip features the popular 5050 LED type, ensuring high quality and efficient lighting performance. With a lifespan of up to 50,000 hours, this product guarantees long-lasting illumination for various applications.

The Addressable 5v Self-adhesive Light Strip 6812 Colorful 60 Lights Not Waterproof Ip20 is designed to meet the needs of customers seeking reliable and versatile LED lighting solutions. Whether you are looking to enhance the ambiance of your home, office, or commercial space, this LED strip light is a perfect choice. Its flexible ribbon shape allows for easy installation in a variety of settings, making it ideal for both indoor and outdoor use.

Equipped with COB LED technology, this LED strip light delivers bright and uniform illumination, making it suitable for a wide range of purposes. Whether you need accent lighting, task lighting, or decorative lighting, this product has got you covered. The Addressable 5v Self-adhesive Light Strip 6812 Colorful 60 Lights Not Waterproof Ip20 is also a popular choice for DIY enthusiasts and professional lighting designers alike.

Looking to create a stunning lighting display or add a touch of color to your space? The Addressable 5v Self-adhesive Light Strip 6812 Colorful 60 Lights Not Waterproof Ip20 is the perfect solution. With its 6812 colorful lights, this LED strip can transform any room or area into a vibrant and inviting space. Whether you want to create a cozy atmosphere in your living room, set the mood for a party, or highlight architectural features, this product is sure to impress.

Grow Light LED Strips are becoming increasingly popular among indoor gardeners and plant enthusiasts. The Addressable 5v Self-adhesive Light Strip 6812 Colorful 60 Lights Not Waterproof Ip20 can also be used as a grow light, providing plants with the necessary light spectrum for healthy growth and development. Whether you are growing herbs, vegetables, or flowers, this LED strip light can help you create an optimal growing environment.

When it comes to versatility and performance, the Addressable 5v Self-adhesive Light Strip 6812 Colorful 60 Lights Not Waterproof Ip20 stands out from the competition. Its IP20 rating ensures protection against dust and solid objects, making it suitable for indoor use.

Whether you want to illuminate your kitchen cabinets, create a stunning light display in your bedroom, or add a pop of color to your workspace, this LED strip light is the perfect choice.

Enhance your space with the COB LED Strip Light that offers unparalleled brightness and energy efficiency. With its long lifespan and flexible design, the Addressable 5v Self-adhesive Light Strip 6812 Colorful 60 Lights Not Waterproof Ip20 is a reliable and stylish lighting solution for any project. Transform your environment and elevate your lighting experience with this high-quality LED strip light today!

### Features:

Product Name: LED Strip Lights

Power: 12w/m

Shape: Flexible ribbon

Colour: RGB+IC

Led Quantity: 60 LEDs/m

Emitting Color: RGB+IC

### Technical Parameters:

Power	12w/m
Working Voltage	5V
Model	LC-KWGD-6812-60-1
Chip Quantity	20 Pcs/m
Emitting Color	RGB+IC
IP Grade	IP20
Shape	Flexible ribbon
Led Type	5050
Voltage	DC 5V
Lifespan	50,000 Hours

### Applications:

Product Application Occasions and Scenarios for the LED Strip Lights:

The LINKOP LCSD-12V5050-RGB-60D-IP20 LED Strip Lights are versatile and perfect for a wide range of applications. Here are some scenarios where these Color Changing LED Strip Lights can be used:

**1. Home Decoration:** The RGB+IC LED Strip Lights can be used to add ambiance and style to any room in your home. Whether it's accent lighting in the living room or under cabinet lighting in the kitchen, these Flex LED Strip Lights are a great choice.

**2. Party and Events:** Create a festive atmosphere at parties, weddings, or special events with these Addressable 5v Self-adhesive Light Strips. The 6812 Colorful lights can be synchronized to music or set to different patterns for a dynamic lighting display.

**3. Retail Displays:** Showcase products in your retail store with eye-catching lighting effects using the LINKOP LED Strip Lights. The SMD5050 LEDs provide bright and consistent lighting to highlight merchandise and attract customers.

**4. Grow Light LED Strips:** The 60 LEDs/m configuration of these LED Strip Lights make them suitable for use as grow lights for indoor plants. The customizable RGB colors and adjustable brightness levels allow for optimal plant growth.

**5. Architectural Lighting:** Illuminate architectural features, such as coves, columns, or stairs, with the LINKOP LED Strip Lights. The self-adhesive backing and flexible design make it easy to install these lights in various indoor settings.

These LED Strip Lights are CE certified and manufactured in Guangdong, China. The minimum order quantity is 50 meters at a price of \$0.9/meter. Payment terms are T/T with a supply ability of 500,000 meters per month. Delivery time ranges from 3-8 work days, and the packaging details include a bag for safe transportation.

## Support and Services:
