Basic Information

- Place of Origin: Guangdong, China
- Brand Name: LINKOP
- Certification: CE
- Model Number: LCSD-12V5050-RGB-60D-IP20
- Minimum Order Quantity: 50 meters
- Price: \$0.9/meters
- Packaging Details: bag
- Delivery Time: 3-8 work days
- Payment Terms: T/T
- Supply Ability: 500000meters/month

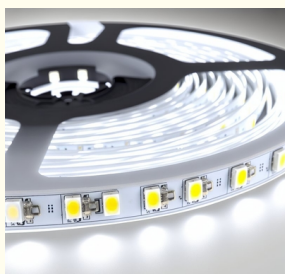

Product Specification

- Color Temperatures: Warm White 3000K/Neutral White 4000K/White Light 6500K
- Pins: 2P Pins At Both Ends
- Model: LC-kw-g-08
- Voltage: 12V
- Shape: Flexible Tube
- Led Type: SMD 2835
- Width: 10mm
- Usage: Home, Shopping Malls, Supermarkets, Outdoor Decorative Lighting, Etc.
- Highlight: **10mm SMD 2835 LED strip lights, energy-saving LED strip lights, customizable LED lighting strips**

Product Description

Product Description:

Introducing our premium LED Strip Lights, the perfect lighting solution for a variety of spaces and occasions. These Battery Powered LED Strip Lights are designed to provide vibrant and energy-efficient lighting, making them ideal for use in homes, shopping malls, supermarkets, outdoor decorative lighting, and more.

One of the standout features of these LED Strip Lights is their superior waterproof rating of IP67, ensuring durability and longevity even in outdoor settings where exposure to water is a concern. This makes them a versatile choice for both indoor and outdoor applications, giving you the flexibility to use them wherever you need without worrying about water damage.

The LED Configuration of these strip lights is optimized for brightness and efficiency, with 60 LEDs per metre providing a consistent and luminous glow. Whether you are looking to create ambient lighting in your living room or add a pop of color to your outdoor space, these LED Strip Lights deliver exceptional performance and visual impact.

With a long lifespan of 50,000 hours, these COB LED Strip Lights are built to last, offering reliable illumination for years to come. Say goodbye to frequent bulb replacements and enjoy consistent and reliable lighting throughout their extensive lifespan.

The flexible tube shape of these LED Strip Lights allows for easy installation and versatile placement options. You can bend, shape, and curve the strip lights to fit your desired layout, making them suitable for a wide range of applications and creative lighting projects.

Another exciting feature of these LED Strip Lights is their color-changing capability, providing you with the option to customize the ambiance and mood of your space with ease. Whether you want to create a warm and cozy atmosphere or a vibrant and dynamic setting, these Colour Changing LED Strip Lights offer endless possibilities for lighting design.

Features:

Product Name: LED Strip Lights

Shape: Flexible Tube

Power: 8.4w/m

Model: LC-kw-g-08

Color Jacket: Warm White 3000K/Neutral White 4000K/White 6500K

Pins: 2P pins at both ends

Technical Parameters:

Shape	Flexible Tube
Product Name	Single Color 2835 Engineering Led Light Strip 60 Lights/m Outdoor Waterproof Flexible Light
Model	LC-kw-g-08
Voltage	12V
Warranty	2 Years
Color Temperatures	Warm White 3000K/Neutral White 4000K/White Light 6500K
Power	8.4w/m
Life	50,000h
Product Category	LED Strip Lights
Color Jacket	Warm White 3000K/Neutral White 4000K/White 6500K

Applications:

Product Application Occasions and Scenarios for LINKOP LED Strip Lights (Model: LCSD-12V5050-RGB-60D-IP20)

LINKOP LED Strip Lights are versatile lighting solutions suitable for a wide range of applications and scenarios. With a certification of CE and originating from Guangdong, China, these LED strip lights offer high quality and reliability.

These LED strip lights are ideal for various settings, including:

Home Lighting: Create ambient lighting in living rooms, bedrooms, kitchens, and bathrooms with the warm white (3000K), neutral white (4000K), or white light (6500K) color options.

Commercial Spaces: Illuminate retail stores, restaurants, hotels, and offices with these energy-efficient LED strip lights.

Architectural Lighting: Highlight architectural features, accentuate interior designs, and create stunning visual effects in buildings and structures.

Outdoor Lighting: Enhance outdoor spaces such as gardens, patios, and decks with the waterproof IP67 rating of these LED strip lights. With a minimum order quantity of 50 meters and a competitive price of \$0.9 per meter, LINKOP LED Strip Lights are cost-effective solutions for various projects. The payment terms accepted are T/T, and the supply ability is 500,000 meters per month, ensuring timely delivery within 3-8 work days.

These LED strip lights are cuttable, allowing for customization to fit specific lengths and shapes. The 2P pins at both ends enable easy installation and connectivity. The product category of LED Strip Lights includes dimmable options, providing flexibility in adjusting the brightness levels.

Whether you need 24V LED strip lights, high voltage LED strip lights, or dimmable LED strip lights, LINKOP offers a reliable and versatile lighting solution for various occasions and scenarios. The packaging details include a bag for convenient storage and transportation.

Support and Services:

Our Product Technical Support and Services for LED Strip Lights include: -----

- Assistance with installation and setup
- Troubleshooting common issues
- Guidance on proper usage and maintenance
- Product warranty information
- Access to online resources and manuals for further help

Packing and Shipping:

Product Packaging:

Our LED Strip Lights are carefully packaged to ensure they arrive in perfect condition. Each strip is wrapped in protective material and placed in a sturdy cardboard box to prevent any damage during transit.

Shipping:

We offer fast and reliable shipping for our LED Strip Lights. Orders are typically processed within 1-2 business days and shipped via a trusted courier service. You will receive a tracking number to monitor the status of your delivery.

FAQ:

Q: What is the brand name of these LED Strip Lights? -----

A: The brand name is LINKOP.

Q: What is the model number of these LED Strip Lights?

A: The model number is LCSD-12V5050-RGB-60D-IP20.

Q: Where are these LED Strip Lights manufactured?

A: These LED Strip Lights are manufactured in Guangdong, China.

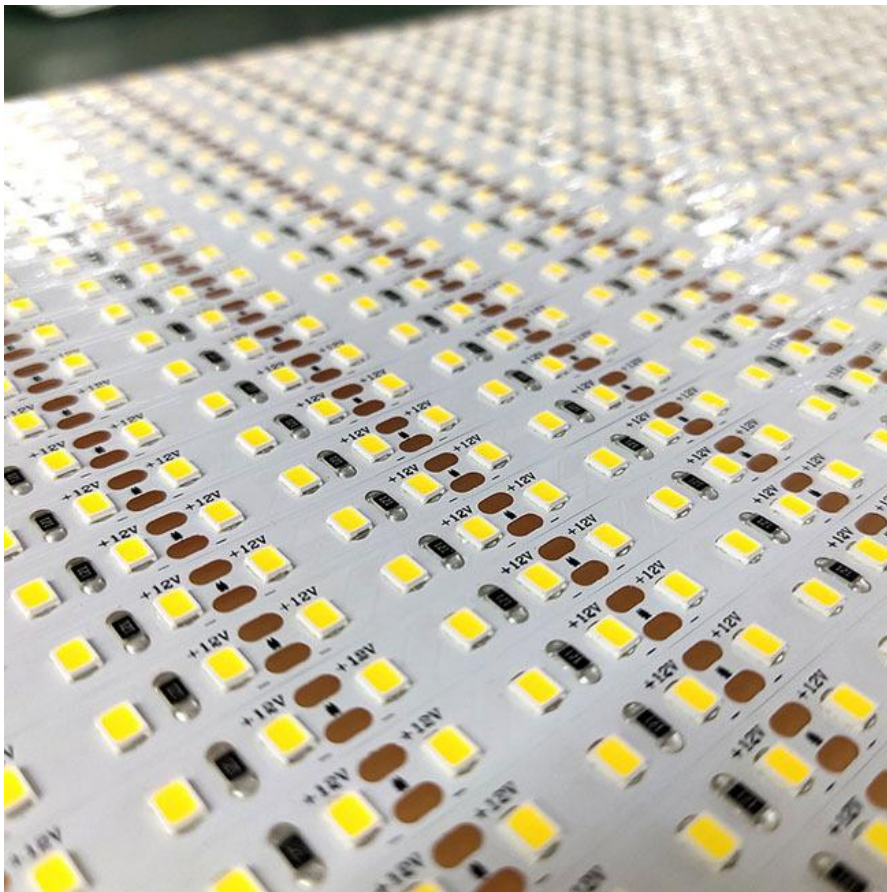

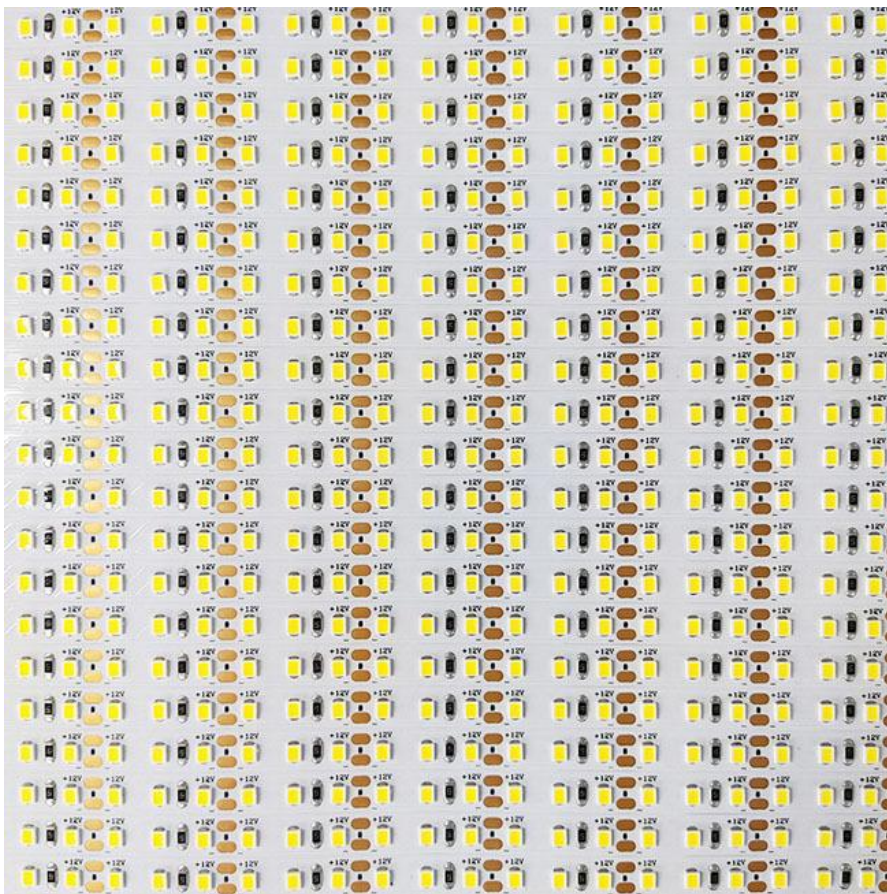

Q: What is the minimum order quantity for these LED Strip Lights?

A: The minimum order quantity is 50 meters.

Q: What are the payment terms for purchasing these LED Strip Lights?

A: The payment terms are T/T (Telegraphic Transfer).
