

Flexible Ribbon Battery Powered LED Strip Light with 5V Working Voltage

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: LINKOP
- Certification: CE
- Model Number: LCSD-12V5050-RGB-60D-IP20
- Minimum Order Quantity: 50 meters
- Price: \$0.9/meters
- Packaging Details: bag
- Delivery Time: 3-8 work days
- Payment Terms: T/T
- Supply Ability: 500000meters/month

Product Specification

- Power: 12w/m
- Product Category: LED Strip Lights
- Working Voltage: 5V
- Shape: Flexible Ribbon
- Lifespan: 50,000 Hours
- Colour: RGB+IC
- Emitting Color: RGB+IC
- Product_Usage: Indoor
- Highlight: flexible ribbon LED strip light,
5V battery powered LED strip,
LED strip light with warranty

Product Description

Product Description:

Introducing our cutting-edge LED Strip Lights, a top-of-the-line lighting solution that combines advanced technology with premium quality. Designed to elevate your space with captivating illumination, the LED Strip Lights are engineered to deliver exceptional performance and versatility.

Featuring an impressive IP Grade of IP20, these Digital LED Strip Lights are crafted to withstand dust and provide protection against solid objects larger than 12.5mm. This ensures that your LED Strip Lights remain durable and reliable even in indoor environments.

The Emitting Color of these LED Strip Lights is RGB+IC, offering a dynamic range of colors and effects to suit your preferences. Whether you desire a vibrant ambiance or a soothing glow, the RGB+IC combination allows you to customize the lighting experience effortlessly.

At the core of the LED Strip Lights are the high-quality SMD5050 Leds, renowned for their brightness and energy efficiency. With 20 Pcs/m Chip Quantity, these COB LED Strip Lights deliver uniform and consistent lighting along the entire length, creating a seamless and visually appealing display.

Enhancing the functionality of these LED Strip Lights is their dimmable feature, allowing you to adjust the brightness levels according to your needs. Whether you seek a soft glow for relaxation or a bright light for productivity, the dimmable capability of these LED Strip Lights provides flexibility and control over your lighting environment.

Illuminate your living space, office, or commercial area with our LED Strip Lights to create a captivating atmosphere that suits your style and mood. The versatility of these LED Strip Lights makes them ideal for various applications, including accent lighting, task lighting, or decorative purposes.

Experience the convenience and aesthetic appeal of our LED Strip Lights, designed to elevate your lighting experience and transform your space into a visual masterpiece. With their advanced features, superior quality, and impressive performance, these LED Strip Lights are a must-have lighting solution for modern interiors.

Features:

Product Name: Addressable 5v Self-adhesive Light Strip 6812 Colorful 60-Lights Not Waterproof-Ip20

Shape: Flexible ribbon

Voltage: DC 5V

Size: 5m/roll

Product Category: LED Strip Lights

Technical Parameters:

Ip Grade	IP20
Product Name	LED Strip Lights
Lifespan	50,000 Hours
Product Usage	Indoor
Led Type	5050
Colour	RGB+IC
Leds Type	SMD5050
Led Quantity	60 LEDs/m
Working Voltage	5V
Power	12w/m

Applications:

LED strip lights from LINKOP, with model number LCSD-12V5050-RGB-60D-IP20, are versatile lighting solutions suitable for a wide range of product application occasions and scenarios.

These 12V LED strip lights are ideal for both residential and commercial use, providing vibrant and energy-efficient lighting. With CE certification and originating from Guangdong, China, you can trust in the quality and reliability of these LED strip lights.

Whether you need lighting for accentuating architectural features, creating ambient lighting in living spaces, or adding a pop of color to retail displays, these LED strip lights are perfect for the job. The minimum order quantity of 50 meters makes them suitable for projects of various sizes.

Priced at \$0.9 per meter and with flexible payment terms of T/T, these LED strip lights offer cost-effective illumination. With a supply ability of 500,000 meters per month, you can rely on a steady source of supply to meet your lighting needs.

Delivering within 3-8 work days in convenient packaging details, these LED strip lights are easy to handle and install. The SMD5050 LEDs ensure bright and efficient lighting, with a lifespan of 50,000 hours for long-lasting performance.

Featuring 60 LEDs per meter, model LC-KWGD-6812-60-1 is a top choice for anyone seeking high-quality LED strip lights. The versatility of these LED strip lights makes them suitable for a wide range of applications, from accent lighting to task lighting.

Whether you need 24V LED strip lights, high voltage LED strip lights, or flexible LED strip lighting, LINKOP has you covered with their innovative and reliable products.

Upgrade your lighting solutions with LINKOP's LED strip lights, and experience the difference in illumination for various occasions and scenarios.

Support and Services:

Our Product Technical Support and Services for LED Strip Lights are designed to ensure that you have a seamless experience with our products. Whether you need assistance with installation, troubleshooting, or have any product-related queries, our team of experts is here to help you. We provide comprehensive technical support to address any issues you may encounter, as well as guidance on optimal usage and maintenance of your LED strip lights.

Packing and Shipping:

Product Packaging and Shipping:

Our LED Strip Lights are carefully packaged to ensure safe delivery to your doorstep. Each set of lights comes in a sturdy cardboard box with protective cushioning to prevent any damage during transit.

For shipping, we partner with reliable carriers to ensure timely delivery of your order. You can track your package using the provided tracking number to know exactly when to expect your LED Strip Lights.

FAQ:

Q: What is the brand name of these LED Strip Lights?

A: The brand name is LINKOP.

Q: What is the model number of these LED Strip Lights?

A: The model number is LCSD-12V5050-RGB-60D-IP20.

Q: Where are these LED Strip Lights manufactured?

A: These LED Strip Lights are made in Guangdong, China.

Q: What is the minimum order quantity for these LED Strip Lights?

A: The minimum order quantity is 50 meters.

Q: What is the price per meter of these LED Strip Lights?

A: The price is \$0.9 per meter.
