#### Basic Information

- Place of Origin: Guangdong, China
- Brand Name: LINKOP
- Certification: CE
- Model Number: LCSD-12V5050-RGB-60D-IP20
- Minimum Order Quantity: 50 meters
- Price: \$0.9/meters
- Packaging Details: bag
- Delivery Time: 3-8 work days
- Payment Terms: T/T
- Supply Ability: 500000meters/month

#### Product Specification

- Product Category: LED Strip Lights
- Lifespan: 50,000 Hours
- Product\_Usage: Indoor
- Led Quantity: 60 LEDs/m
- Number Of Lamp Beads: 60 Leds/m
- Voltage: DC 5V
- Product\_Name: LED Strip Lights
- Chip Quantity: 20 Pcs/m
- Highlight: 5050 LED strip lights 50000 hours lifespan,  
5050 LED strip lights 60 leds/m,  
energy-saving LED strip lights long-lasting

## Product Description

### Product Description:

The Addressable 5v Self-adhesive Light Strip 6812 Colorful 60 Lights Not Waterproof Ip20 is a versatile and high-quality product that provides bright and colorful illumination for a variety of applications. This Flexible LED Strip Light is equipped with 5050 LED chips, ensuring a powerful and efficient source of light. With a chip quantity of 20 Pcs/m and 60 leds/m, this LED strip light delivers a consistent and bright glow.

Measuring 5m per roll, this Flexible LED Strip Light is perfect for a wide range of uses, including accent lighting, task lighting, and decorative purposes. The self-adhesive backing makes installation quick and easy, allowing you to customize your lighting design with ease. Whether you're looking to create a vibrant ambiance in your living space or enhance the visibility in your workspace, these LED strip lights are an excellent choice.

The Addressable 5v Self-adhesive Light Strip 6812 Colorful 60 Lights Not Waterproof Ip20 is designed to be durable and long-lasting, ensuring that you can enjoy its bright and colorful illumination for years to come. The IP20 rating makes it suitable for indoor use, providing a reliable and safe lighting solution for your home or office.

These Grow Light LED Strips are a fantastic option for those looking to enhance the lighting in their indoor garden or grow room. The flexible design of the LED strip lights allows you to easily install them in a variety of configurations, providing your plants with the light they need to thrive. Whether you're growing herbs, vegetables, or flowers, these LED strip lights will help promote healthy growth and vibrant blooms.

In conclusion, the Addressable 5v Self-adhesive Light Strip 6812 Colorful 60 Lights Not Waterproof Ip20 is a top-quality product that offers bright and colorful illumination for a wide range of applications. Whether you're looking to enhance the lighting in your home, office, or indoor garden, these Flexible LED Strip Lights are a versatile and reliable choice that will meet your lighting needs.

### Features:

Product Name: LED Strip Lights

Leds Type: SMD5050

Model: LC-KWGD-6812-60-1

Number of lamp beads: 60 leds/m

Working Voltage: 5V

### Technical Parameters:

Product Name	Addressable 5v Self-adhesive Light Strip 6812 Colorful 60 Lights Not Waterproof Ip20
Working Voltage	5V
Model	LC-KWGD-6812-60-1
Shape	Flexible ribbon
Product Usage	Indoor
Colour	RGB+IC
Ip Grade	IP20
Number of lamp beads	60 leds/m
Led Type	5050
Size	5m/roll

### Applications:

The product is ideal for various scenarios, including but not limited to:

**Automotive LED Light Strips:** Enhance the interior ambiance of vehicles with vibrant RGB colors and high brightness. The flexible design of the strip lights allows for easy installation in cars, trucks, or motorcycles, providing a custom lighting experience.

**Grow Light LED Strips:** Create the perfect lighting environment for indoor plants with the full spectrum RGB+IC color options. The LED strip lights promote healthy plant growth by providing the necessary light wavelengths for photosynthesis, making them ideal for indoor gardening or hydroponic setups.

**Digital LED Strip Lights:** Transform any indoor space with dynamic lighting effects using the 60 leds/m strip lights. The programmable IC chip allows for customizable patterns and animations, perfect for creating mesmerizing displays in residential or commercial settings. With a chip quantity of 20 Pcs/m and a supply ability of 500,000 meters per month, LINKOP LED Strip Lights offer reliability and consistency in performance. The 5m/roll size, along with the T/T payment terms and quick delivery time of 3-8 work days, make these strip lights a convenient and efficient lighting solution.

Packaged in bags for easy storage and transportation, these LED strip lights are designed for indoor use, making them suitable for a wide range of applications in homes, offices, retail spaces, and more. Whether for decorative purposes, ambient lighting, or task lighting, LINKOP LED Strip Lights offer a versatile and cost-effective lighting solution.

### Support and Services:

Our LED Strip-Lights product comes with comprehensive product technical support and services to ensure that you have a seamless experience. Our team of experts is available to assist you with any technical queries or issues you may encounter. Our services include troubleshooting, installation guidance, and product recommendations to help you make the most out of your LED Strip Lights. We are committed to providing you with top-notch support to guarantee your satisfaction with our product.

## Packing and Shipping:

### Product Packaging:

Our LED Strip Lights are carefully packaged to ensure safe delivery to your doorstep. Each set of lights is wrapped in protective bubble wrap and placed in a sturdy cardboard box to prevent any damage during transit.

### Shipping:

We offer fast and reliable shipping for all orders of LED Strip Lights. Once your order is placed, our team will process it within 1-2 business days. Depending on your location, you can expect your lights to arrive within 3-5 business days. We also provide tracking information so you can monitor the status of your delivery.

## FAQ:

**Q: What is the brand name of these LED strip lights?**

A: The brand name is LINKOP.

**Q: What is the model number of these LED strip lights?**

A: The model number is LCSD-12V5050-RGB-60D-IP20.

**Q: Where are these LED strip lights manufactured?**

A: These LED strip lights are manufactured in Guangdong, China.

**Q: What is the minimum order quantity for these LED strip lights?**

A: The minimum order quantity is 50 meters.
